## Amateur radio operators to aid OCD network

### Northwest radio club to furnish starting personnel

The Northwest Amateur Radio club, which covers this area, will be the nucleus from which will be drawn the greater part of the personnel, which will take over the job of providing radio guides for the tenth district of Civilian Defense of the Metropolitan area. Members of the club will supplement their services by getting in touch with all amateurs who live in this area and obtain from them a statement of their interest in helping in this civilian defense work, their availability, and a list of such equipment as they may have. All services of amateurs who are engaged in this civilian defense work will be on a voluntary and free basis. We will also call on any licensed operators of the classes as authorized to be eligible for the W. E. R. S. by the F. C. C.

### The proposed plan of operation

The 10th District of Office of Civilian Defense of the Chicago area, with headquarters at Des Plaines, Ill. (the district warning center), in the northwest part of Cook county, state of Illinois, proposes to establish a network of ultra high frequency radio stations to be operated on frequencies 112 to 116 Mc. by licensed W. E. R. S. operators, which will supplement the present telephone communication system. In case these facilities should become overloaded, or break down or be destroyed during an emergency.

The towns under the control of the District Warning Center at Des Plaines are quite close together and are as follows:

Des Plaines, Ill., (District Warning Center)	9,518
Mt. Prospect, Ill.	1,720
Arlington Heights, Ill.	5,668
Park Ridge, Ill.	12,063
Schiller Park, Ill.	804
Wheeling, Ill.	550
Bellwood, Ill.	5,226
Prospect Heights, Ill.	

It is felt there is an urgent need in this area for the W. E. R. S., inasmuch as it is located in the heart of a defense plant and military area. The new Douglas Aircraft works, an assembly plant for large bombers, is about 3 miles south of Des Plaines. This plant with its runways will occupy about 1300 acres. A few miles south of Arlington Heights there is under construction a secondary training field of the Glenview naval air base which will occupy approximately 800 acres. Between Des Plaines and Mt. Prospect is the Benjamin Electric Co. This factory is working 100 per cent on defense contracts. In addition, the Wisconsin division of the Chicago & Northwestern Ry. runs through most of these towns. The Soo Line is just west of Des Plaines as well as the Chicago Outer Belt Line. The location of these defense plants, transportation facilities, communication facilities, power facilities and naval air bases in this area makes it a definite objective for attack by enemy forces or saboteurs; and it is certain that W. E. R. S. can serve a very useful purpose in the protection of these plants, facilities, military installations, as well as the civil population in this 10th District of the O. C. D.

The general setup and plan of operation that will be put into effect is to appoint a "radio aide" for the 10th District O. C. D. to have full and complete control over station operating, monitoring, inspection of equipment, and certification of operators. The Radio Aide will see that these civilian defense stations will be used only for essential communication relating to civilian defense and only during or immediately following actual air raids, impending air raids, or other military operations or acts of sabotage.

Under the direction of the Radio Aide, there will be set up a 2 1/2 meter transmitter and receiver at the District Warning Center at Des Plaines, Illinois, headquarters of the 10th District O. C. D. This station, which will control the complete network of sub-control center stations, will operate in the 112-114 Mc. band and will be operated by the Radio Aide and such assistants as he may select. The transmitters and receivers of the sub-control centers will be fixed and located at the Civilian Defense headquarters of their respective municipalities.

The Assistant Radio Aide at the sub-control center will in turn control and direct the portable mobile stations in their respective municipalities. The transmitter at the sub-control centers will, for the present, be required to operate in the 112-114 Mc. band when communicating with the District Warning Center station and in the 114-116 Mc. band when communicating with the portable mobile stations in their municipality.

The portable mobile stations in each municipality will operate in the 114-116 Mc. band. For the present, there will be one transmitter and receiver at the District Warning

## That new sign

A very neat arrow sign on the railroad park at the intersection of Evergreen and Northwest highways directs the way of strangers to Arlington Theatre. A lot of people claim to be very much excited over that sign, claiming that it is but a forerunner of other signs that will mark the future beauty of the railroad park.

The Herald can remember the time when Arlington Heights rejoiced over the opening of Arlington's first theatre; the sorrow of the business men when it closed and their delight when the new Arlington opened its doors. That theatre may be a private venture but it is an institution that is important to Arlington Heights.

The editor does not know how permission was secured for the installation of the sign, but he can understand that the New Arlington needs every possible bit of patronage. If its present standard is to be maintained, we can not blame the theatre management for its promotion effort that should bring many scores of people to Arlington Heights each week.

## Arlington youth badly injured in auto crash

George Meyer, 21 year old son of Mr. and Mrs. George W. Meyer, 735 N. Dunton, Arlington Heights, was seriously injured August 1 in an Arizona automobile accident.

George was riding to work in an airplane factory at Thunderbird field, near Phoenix, when a tire blew, turning the car over three times. George suffered a broken arm, leg and pelvis.

George is recovering, life in a cast will be necessary for many weeks. His parents have gone to Arizona to be with their son.

### One other killed

One of the two other youths riding with George was fatally injured, dying at the hospital. The other suffered a double break of the jaw.

George left Arlington in May and has been working in Arizona since.

## Former Herald editor home on furlough

Lt. Stuart R. Paddock, Jr., former Herald editor, is home on furlough.

Taking his old chair at the editor's desk Tuesday evening, he said, "I do not see how you get out such a good paper without me on the job, perhaps the readers are glad that I am in the army now."

Regardless of his newspaper training Mr. Paddock refused to talk for publication except to say that Texas is a great state with admirable climate. All it needs is many thousands of Illinois boys to fill out the skeleton companies stationed in many of the Texas army camps.

Lt. Paddock is stationed at Camp Barkeley with a tank destroyer battalion. He occasionally sees Lt. Norman Schroeder, of Palatine.

## Arlington Heights rifle club joins national group

Arlington Heights Rifle club has been recognized by the National Rifle association with which it is now affiliated as a Class A member. The charter certificate may be viewed at the headquarters of the Civilian Defense in the municipal building.

The boys are looking forward to target practice at a Des Plaines range. The officers are Jos. Wisersky, president; Paul Patrick, executive officer; LaVerne Levine, secretary-treasurer. There are now 27 members.

## Over 5,000 records collected by Legion

The drive for old phonograph records staged by Merle Guild post of the American Legion, Arlington Heights, passed the 5,000 mark, exceeding the quota of 3,850 by 1,369 records. Members of the local committee in charge of the drive were Paul F. Carroll, J. E. Millay, and Jos. Wisersky. In behalf of the boys in service who will benefit by the drive, the committee says thank you to the many Arlington Heights people who gave up their records, which in many cases were old favorites.

Center, Des Plaines, Illinois, there will be one transmitter and receiver at each of the sub-control centers, or 9 fixed location stations; there will be from one to five portable mobile stations in each municipality depending on the size of the municipality.

If there is need, additional operators, Northwest Amateur Radio club will give instruction of such a nature that applicants can set for the examination for Radio Telephone - Third Class, operators license.

## War bond sales at Arlington broke records

### Immediate delivery bonds boost sales to \$197,227.35

The final report on the sale of war bonds and stamps at the Arlington Park Jockey club shows a grand total of \$197,227.35. Of this amount, \$185,606.50 was in bonds and the balance of \$11,620.85 was in stamps. This total surpasses the amounts sold in any other track in the country to date.

The fact that arrangements were made to deliver bonds on the spot contributed greatly to the fine record made. The Arlington Heights War Savings staff was first to try this plan which has proved so successful.

The War Savings staff of Arlington Heights wishes to take this opportunity to thank all those who contributed their services freely. The huge success attained was made possible by the combined efforts of all the workers.

N. M. Lattot, co-chairman of Arlington Heights war savings staff, took personal charge of the bond and stamp sale at the track, making arrangements for the actual delivery of the bonds at time of purchase. This feature increased the sale of the bonds to day visitors at the track, with transient addresses. The daily direction of the bond sale took a lot of Mr. Lattot's time, but he has considered it merely another civic responsibility.

During the thirty days of the race meet, bond sales exceeded a thousand dollars on all except seven days. On three of the days the sales were less than \$500. The three heaviest days were July 4, \$128,793, July 11, \$8,789, July 22, \$6,772. Bond sales for the racing meet totaled \$185,606, stamps \$11,620.

## Cub All-Star game Sunday

At six p. m. at Recreation Park in Arlington Heights the cub scout all-star team will meet the champion Bears, winners in the first round robin tournament.

The champion Bears, like their Chicago football brethren, have proven their ability over other teams. The All-Star squad is made up of picked men from the other cub scout tourney teams in Arlington.

The two squads will be dressed in their new uniforms, suits that have been purchased with money raised by the boys themselves. Admission is ten cents with a good game in sight.

Ceremonies before the game will include a colorful flag ceremony. Commander Rippey of American Legion will present the winning youth parade plaque to cubmaster Jones.

A sound system will be in evidence to provide fans with the names of all the players, and a play-by-play account.

## New business organization at Pros. Hts.

Organization of the Prospect Heights Men's Association was completed Monday noon at the first of the noon dinners that will be held every Monday hereafter. Membership is restricted to those actually engaged in business activities in Prospect Heights business section.

Prospect Heights is a new community that is doing things in a new way and its business organization has adopted a novel method of government. In lieu of the usual president and board of directors, the officers comprise one director and a secretary-treasurer. Each six months a new director takes charge, being selected alphabetically. The retiring director becomes secretary-treasurer.

Under the above plan Arnold Allord is the first director, entitled to the job as both his names start with the first letter of the alphabet. Marvin Larson is the first secretary-treasurer.

There are many things needed doing in Prospect Heights. By cooperative efforts business men expect to get them done.

### Softball First Project

The first project is a new ball diamond and a softball team. The association has accepted the offer of Messrs. Wickersheim and Blum of Old Orchard golf club for the use of two acres of land at the intersection of Elmhurst and McDonald road as a ball diamond. Louis Jenrich is elected as manager for the team. Challenges have been forwarded to some of the neighboring towns and acceptances received.

Prospect Heights will hereafter be in the softball world.

## Heights Lutheran school to open kindergarten

St. Peter Lutheran school will add another educational facility to its program by organizing a progressive and up-to-date kindergarten this coming term. The members of the church who support the school realize the definite emphasis which is given of late to the care of the pre-school child, as well as the general demand for a kindergarten.

In order to make room for the kindergarten the church purchased recently the large home adjoining the school. An attractive room in this home is being remodeled into a most pleasant kindergarten room. The kindergarten will be conducted in cooperation with Immanuel Lutheran school of Des Plaines who will employ the teacher in the morning in their kindergarten.

St. Peter Lutheran kindergarten will be taught by a teacher who comes highly recommended and has taught kindergarten classes for several years. Miss Gertrude Dahm of Arlington Heights, who will take charge, is specializing in kindergarten work, and shows a successful record in the past.

St. Peter Lutheran kindergarten will meet each afternoon from 1 p. m. to 3:30 p. m. It will be tuition-free. The children will be expected to purchase their own supplies, such as paper, etc. Any child that is five years old, or will be five by February 1, 1943, is eligible for enrollment. The kindergarten is open to all children of the community. For further information call the pastor, Arl. Hts. 1382-M.

## Lightning kills first Barrington war victim

Earnest A. Anderson, 23 years old Barrington youth, stationed at the U. S. Naval Air Station at Jacksonville, was killed Monday afternoon by a bolt of lightning. He is Barrington's first casualty of World War II.

Funeral services will be held at 2:00 o'clock Friday afternoon from Salem Evangelical church, with the Rev. W. A. Stauffer officiating. Burial will be in Evergreen cemetery.

Unofficial reports said that Anderson was standing under the wing of an airplane when the lightning struck the machine, sending the charge through his body. He was struck about 2:00 o'clock Monday afternoon and died about 3:00 o'clock.

The body was shipped from Jacksonville early Tuesday morning. It was expected to reach Barrington today (Thursday).

Better known as "Ernie" or "Swede" to his friends, Anderson was born near Barrington on what is now known as the Oaks farm. He would have been 24 years old October 10. He graduated from Barrington high school in 1936 and worked for Jewel Tea Co., Inc., until he enlisted in the Naval Reserve on October 1, 1941.

He was a section leader at Great Lakes Naval Training station, and on January 5 of this year he was transferred to Jacksonville. He recently graduated with honors from the aviation machinist's mate school as one of the high-average men in his class, and was promoted to the petty officer rating of Aviation Machinist's Mate, 3rd Class. He was scheduled for assignment to a Navy Air squadron in the near future.

Earnest was the son of Mr. and Mrs. Oscar Anderson, 119 west Russell street, Barrington. Besides his parents he is survived by a brother, Carl, and a sister, Amy.

## Where you can pay your taxes

Wheeling—Wm. Annen at Arlington Heights National Bank every day, starting Monday, Aug. 10, except August 19 and 25 when he will be at the Wheeling State Bank and August 26 at the Mt. Prospect State Bank.

Elk Grove—Albert J. Kramer will be at Mt. Prospect State Bank during banking hours until August 28.

Schaumburg—Albert Berlin at his home every day.

Palatine—T. C. Hart at First National Bank building every day except Wednesday afternoon. Saturday evening, 7:00 to 9:00.

Bring last receipts with you.

### Selective service board hastens

### I-B physicals

Cook County Selective Service board has been calling for physicals on all of the remaining I-A and also of the I-B. No draft call has been received but when it arrives, for either I-A or I-B the local board will have men ready. A number of 3-A men, those with dependents, have volunteered for officers' training course and a small group left for Camp Grant Wednesday morning.

## Band concert at Camp Reinberg

One of the most popular of Camp Reinberg's many feature events is now open to the public. This is the weekly band concerts which come on Sunday afternoons. Each week a forty piece band comes from Chicago to play for the assembled guests, and the concert lasts from three to five-thirty. Everyone is cordially invited to attend.

The concert Sunday, August 16, will be given by the Barbro Bros. band of Chicago. A special concert is booked for Tuesday, August 18, when the Chicago Post-office band with Aldo Bartolotto as conductor will give a concert between 3:30 and 5:30.

Camp Reinberg will be host that day to Cook county case workers, and supervisors of the Cook County Public Welfare bureau. The guests are expected to arrive by four o'clock and remain until nine o'clock.

### Special religious services

"Feast of Assumption" will be celebrated at the Catholic chapel Saturday and Sunday, August 15 and 16 with masses both days at 10 a. m. by Redemption Fathers of Chicago. The chapel will be open both days when the public is invited to visit it.

Protestant services are held each Sunday under the direction of pastors from neighboring communities. Rev. Wm. L. Manny of Des Plaines Methodist church will preside at the coming Sunday. Edwin Ira Stevens of Mt. Prospect is in charge of the services last Sunday. The protestant services occur at 9 o'clock. General public is welcome.

### The next to the last contingent

of campers moves into Camp Reinberg Thursday for a ten day stay. Ninety per cent of these people come from the A-2 dependent families and only one per cent from the juvenile court. In former years most of them have come from the Court.

## Order \$600 siren; public subscriptions to pay half the cost

Arlington Heights new fire and raid siren, costing \$600, has been ordered. The village officials are depending on the interest of local residents for half of its cost. An increasing number of subscriptions have been received the past week, which if they continue means that Mayor Goedke and the aldermen were right in assuming that Arlington Heights people are war conscious and realize the need of an adequate alarm for war as well as peace.

The new siren may be placed on the top of a proposed house drying tower, which would increase its efficiency.

Delivery of the siren is dependent on its approval by war agencies.

## Damages sought from Medinah Country Club

### 10 farmers file suit at Wheaton; ask injunction

Demand for an injunction and damages, to be ascertained by the court, was made by nearby property owners against the Medinah Country club and its four officials who suited in the circuit court. Hadley & Leren, Wheaton legal firm, represents the plaintiffs.

These plaintiffs are Louis E. Broker, Henry L. Broker, Nora L. Broker, W. F. Kruger, George Speckman, Alvina Speckman, Frieda Speckman, Frank Speckman, Michael Bender, and Raymond Bender. Defendants names are the Medinah Country club, a corporation; Roy H. Brockob, club president; Harry G. Schierhoff, vice-president; Charles J. Johnson, secretary, and William H. Odum, treasurer.

The complaint alleges that in 1914 their property was damaged where the club caused a stream which flows through their property to be tiled and deepened, to provide a better waterway for the club. This action so caused their land to become arid, making it unusable for crop and pasture purposes.

In 1925, the club built a dam across the stream, which backed up the water to flood certain parts of their property. The plaintiffs allege that they took the matter up with the club officials, and that they were promised relief. Control gates were installed, but the plaintiffs aver that the promised relief was not forthcoming, and they now bring suit.

## Hunting licenses available now

### Will have only one pupil hereafter

Miss Juanita Welch, teacher of the seventh grade in the Arlington Heights north side school, has given up a school room of pupils for a house built for two at Tuscola, Ill. The wedding took place last week.

Miss Velma Harvey, a teacher in Alton public school, has accepted the vacancy.

## Engineering school will open soon

### Open to men and women, all ages; to supply war plants

George C. Poole, Arlington Heights Ford dealer, announced this week that everything is in readiness for the opening of the Poole Engineering and Training school at the former Roehler garage, 302 north Evergreen avenue, Arlington Heights. The purpose of the school is to train men and women of all ages for the many jobs that need to be filled in defense plants of this area. The plants have not the time to train inexperienced help. The Poole school offers the training that is necessary if local people are to be qualified to fill the multitude of defense jobs when the new Douglas airplane plant at Higgins and LaGrange road opens within a few months.

The demand for trained workers today in Buick and similar plants is greater than the available help. There is no place west of Des Plaines where such training is available. Mr. Poole has been gathering the needed machinery. Applications from interested persons should be filed at once. Hours of instruction are dependent on the number of students and percentage that are now employed and desire to attend school evenings, Saturdays and Sundays.

The scope of instruction will include general practice in machine shop work, familiarity with lathes, drill press operation and training as inspectors of parts produced by defense plants.

Experienced instructors are associated with Mr. Poole and with the installed equipment young people who are looking for defense jobs and other men and women past the draft age can equip themselves in the vicinity of their homes for the jobs that await them.

Educational requirements of those qualified to fill the jobs are not so necessary in defense plants. Boys and girls with high school educations are eligible as well as women of all ages and men over 35 years old, or others who are not subject to immediate draft call. An announcement in this issue gives many of the details. Those interested should phone Arlington Heights 88 for an appointment.

## Whooping cough may cause death of young child

Because the state law does not quarantine whooping cough and a mother with children so afflicted called at the home of a young baby, the latter is dangerously ill. Local ordinances require placarding of homes for whooping cough but when local physicians do not report cases to the health officer, nothing is done.

In the above case the baby has a temperature of 105. This article is being published, not as a reprimand to any medical man, but as a warning to all parents.

There is an epidemic of whooping cough in Arlington Heights today. Parents should keep children with the disease off the streets.

## Effingham Picnic next Sunday at Forest Hill grove

The 14th annual Effingham picnic will be held at the Forest Hill picnic grove, on Higgins road 1 1/2 miles west of Arlington Heights road next Sunday, August 16.

All former southern Illinois folk and their friends are invited to attend and enjoy the day. Plenty of tables available for a picnic lunch, many contests and prizes with free bingo for the ladies as usual.

## There is still room for passengers for Lions club trip

The quota of Arlington Heights Lions and their friends for the boat trip Sunday across the lake to St. Joe is not yet filled, states Secretary R. F. Wilke. Complete plans require immediate purchase of the tickets. Any person who wants to take the trip will be welcome. Full details can be secured from any Lions club member.

Mr. and Mrs. Myron Blume announce the birth, August 10, at the Sherman hospital, Elgin, of Alan Dale, to gladden their home at 905 North Highland. He tipped the scales at 8 1/2 pounds. Mother and baby are doing fine.

## One jitney...

Yes, one jitney will buy twelve full pages of local news and features every week in any of the six weekly Paddock Publications.

Well over 1800 persons every year put out 100,000 jitneys over the newsstand counters alone for the Paddock Publications. An additional 4,600 families get their paper through the regular subscription list.

The staff of Paddock Publications believe that constantly LIVE news sells a paper and its advertising to the reading public. They contend that live local news, presented in a modern, readable fashion, commands attention and earns the respect of readers everywhere.

The response given us this week by our subscribers, both old and new, indicates that they agree with us. 48 new subscribers this week and 143 renewals indicate the faith they have in Paddock Publications.

All these — the 100,000 nickels, the 6,600 weekly press run, and the 17 communities we serve — indicate that Paddock Publications earn, modern, up-to-date, and 'tops' in the weekly newspaper world.

## Many entries for woman's golf tournament

### President of district Women's golf assn. to be present

The "Hale America" women's golf tournament, August 24-28, will have a distinguished guest in the person of Mrs. G. M. Mellor, president of the Chicago District Women's golf association. Mrs. Mellor has consented to sit in on the tournament committee the first day, Monday, August 24.

The tournament, planned for the 10th division civilian defense area, is open to all women of every playing ability in this area. It will be held at the Mt. Prospect country club, and a large group of contestants is expected.

The people who register on or before August 18th, will have their starting times published in next week's issue. Otherwise they may register at the first tee and wait their turn for teeing off.

Arlington Heights entrants can register by bringing their dollar entrance fee to Mrs. D. A. Grant, civilian defense office, in the municipal building.

Mt. Prospect people mail mail or bring the registration blank to Mrs. L. M. Dibble, Mt. Prospect.

Registration fee is \$1 and greens fee fifty cents per day. Contestants who desire caddies, are requested to bring their own.

## Mt. Prospect VFW carnival next week

Hot dogs and "pink" lemonade, popcorn and candy, dolls, canes and funny hats; rides for the kiddies, games and "skill" for the grown-ups all await the public at the big V. F. W. carnival which opens at City Hall Square in Mt. Prospect Wednesday, August 19th and continues four nights including Saturday.

More than that, there will be so many prizes and valuable prizes, that it is a pity that as other special features no one will want to miss. As usual the Ladies Auxiliary of the V. F. W. will serve their famous and delicious refreshments, while "Emil and Johnny" will be smiling at you behind the beverage counter.

William Genrich, as general chairman of the affair, reports that this year's carnival will outdo all previous efforts. He states that even though there is a general scarcity of merchandise, the vets, through early selection, will have some unusual items as prizes. Since this is the only regular carnival of the season for Mt. Prospect, it is expected that capacity crowds will attend.

## Mt. Prospect village and rural firemen picnic Sunday

Mt. Prospect village and rural firemen are again cooperating in a big picnic that they expect will bring in their treasuries the money that is going to help keep their equipment in proper fighting condition. The picnic will be held Sunday, August 15, at Ehrhardt's grove on Algonquin road, east of Des Plaines.

There will be all of the usual picnic attractions with bingo and other games. Wally Hahnfeld and his famous orchestra will furnish music for dancing. A \$25 defense

## Supt. Puffer o.k.'s costs of school transportation

Noble J. Puffer, Cook County Superintendent of Schools, today announced that he had certified to John A. Wieland, State Superintendent of Public Instruction, the Cook County claim for State reimbursement of part of the cost of the transportation of school pupils for the school year 1941-1942, which ended June 30, 1942.

The claim was approved for twenty-five (25) Cook county elementary schools, the city of Chicago and thirteen (13) Cook county high schools. The total Cook county claim was \$95,965.94.

The Illinois Legislation passed an act, which was approved on July 25, 1939, providing for a partial reimbursement of the cost of transporting pupils to either elementary or high schools up to an amount not to exceed \$15 per pupil per year, which represented not to exceed three-quarters the cost of transporting pupils.

A further provision of the act required children to live at least a mile and a half from the school for the district to be able to claim reimbursement from the state.

The purpose of the Legislation was to encourage the discontinuance of smaller school districts and to assist in the encouragement of the creation of larger school units which would be able to offer a more complete course of study, with greater opportunities of educational value to the children enrolled.

The total claim last year for Cook county was \$55,614.87.

The district claims for 1941-42 were certified as follows: District 15, Palatine, \$233.25; district 23, Prospect Heights, \$228; district 28, Northbrook, \$765; district 33, Rugen, \$833.97; district 211, Palatine Twp. H. S., \$1,444.95; district 214, Arl. Hts. Comm. H. S., \$3,293.55.

It is expected that reimbursement to the schools will become available early in the school year.

## Army war show at Chicago in September

The army of the United States invades Illinois September 2 to 12, to take the field in readiness to take the final at far-flung battle stations.

The battleground will be Chicago's Soldier Field, where the famous production, the Army War show, engages nearly 2,000 officers and men and all weapons of modern combat in action by a serious, well-regulated and disciplined cross-section of that growing giant, the army of the United States.

Chicago's stately Michigan boulevard and the loop will shake as our big guns roar into action in the 100-minute, thrill-packed spectacle "Here's Your Army."

The War Department wants everyone to see the results of months of preparation and training for war against the Axis in battle action nearest that of the theatre of war itself. It wants them to witness and to hear the echoing rumble of artillery, heavy weapons, and the staccato crackle of machine gun fire, in simulated warfare, and the new rapid fire Garand rifle, the most effective infantry weapon in the world.

The Army War show is high-lights and anti-aircraft batteries, and demonstrations of search-lights and anti-aircraft batteries.

It is war itself. Army Air Force planes form the advance phase of the power show. Units of engineers, tank corps, tank destroyers, signal corps, ordnance, quartermaster corps and medical corps play

## CHURCH NEWS

**ST. JOHN EVANGELICAL CHURCH**  
(Evangelical and Reformed)  
Evergreen and St. James  
Arlington Heights, Illinois  
W. P. Kamphelke, Pastor  
Church school, 9:30 a. m.  
Morning worship, 11 a. m.  
Union Summer Services will commence at 11 o'clock. Rev. H. Von Dracke of the Methodist church will give the sermon at the St. John's church. These Summer Union services are sponsored by the three churches of the community: First Presbyterian church, the First Methodist church and the Evangelical and Reformed church each Sunday morning during July and August at 11 o'clock. "The Friendly Church in the City of Good Neighbors most cordially invites you to attend the Summer Union services."

**IMMANUEL LUTHERAN CHURCH**  
Palatine  
W. C. Koester, Pastor  
Worship in German, 9:30 a. m.  
Worship in English, 10:45 a. m.  
During the pastor's absence on vacation, the congregation will have the privilege of listening to the Rev. G. Rebers of Chicago, who has been acting for some time in city missionary work, particularly in the Cook county jail.

**THE LUTHERAN CHURCH**  
(St. Peter)  
Sunrise Services  
Public worship, German, 9 a. m.  
Public worship, English, 10:30 a. m.  
Pastor Fricke has returned from his vacation refreshed in body and soul and will occupy the pulpit on Sunday. He will preach the eighth sermon on the parables of Christ. His topic is "A Universal Prayer" based on the story of the Pharisee and the Publican in the temple, Luke 18.

**FIRST PRESBYTERIAN CHURCH**  
Corner North Dunton at Eastman  
Herman G. McCarty, Pastor  
Sunday church school for all ages will begin at 9:45 a. m. with C. I. Davis as superintendent. Union worship services will be held Sunday morning at 11 o'clock at St. John's Evangelical church with the Rev. Milo Von Dracke of the Methodist church preaching the sermon. The public is welcome to attend.

**ST. JAMES CATHOLIC CHURCH**  
North State Road  
Rev. Geo. Stier, Pastor  
MASSSES  
Sunday, 7:00, 8:30, 10:00, 11:30.  
Confession heard every Saturday from 4 to 5:30 p. m., 7:30 to 9 p. m. Confessions are heard from 4 to 5:30 and from 7:30 to 9 every first Friday of the month and the Saturday, Thursday before the day before Holydays of Obligation.

11 a. m. Union summer services at the St. John's Evangelical church. The sermon topic is "God is Like That." The Rev. Milo J. Von Dracke will be the preacher of the morning.

## CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all churches of Christ, Scientist, on Sunday, Aug. 9.

The Golden Text was, "Where the Spirit of the Lord is, there is liberty" (II Cor. 3:17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God" (I Cor. 2:9, 10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Symbols and elements of discord and decay are not products of the infinite, perfect and eternal All. From Love and from the light and harmony which are the abode of Spirit, only reflections of good can come. All things beautiful and harmless are ideas of Mind" (p. 280).

## Name Quilt

A patchwork quilt, made by Mrs. W. B. Robertson of Burnsville, N. C., contains 350 names of men and women of Yancey county who served in World War I.

## NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a tentative budget and appropriation ordinance for road and bridge purposes of Wheeling Township in the County of Cook, State of Illinois, for the fiscal year beginning July 1, 1942, and ending June 30, 1943, will be on file and conveniently available to public inspection at 104 E. Wing street, Arlington Heights, Illinois from and after 2 o'clock p. m., 15th day, August, 1942.

Notice is further hereby given that a public hearing on said budget and appropriation ordinance will be held at 7:30 o'clock, P. M., 25th day, August, 1942, at 104 E. Wing street in this village of Arlington Heights, and that final action on this ordinance will be taken by the Highway Commissioner at a meeting to be held at 104 E. Wing street, Arlington Heights, Illinois at 8 o'clock, P. M., 25th day, August, 1942.

FLOYD DOBBINS,  
Highway Commissioner.  
HOWARD HELM,  
Clerk.

## Visitor tells of Canada's war effort

Says Americans do not yet know war privations

Mrs. R. L. Overton of Winnipeg, Canada is taking charge at the home of her sister, Mrs. James Wax of Mt. Prospect, while the Waxes are vacationing in Lakewood, Wis. Mrs. Overton, who lived in the states before her marriage, but has been in Canada the past six years, has some interesting things to say about Canada which are contrary to what is believed by many Americans. She says you shouldn't judge Canada by a visit. "The Canadians have been called up to the age of 36 since spring. There have been many divisions sent out of Winnipeg alone and more are being trained right along and then sent over for foreign service."

"Canadians have been doing their part just as hard as people in the U. S. They have been rationed on tea, coffee, sugar and gasoline. America is rationed ahead of them on sugar, but are still driving anywhere they want to go while Canadians are allowed 3 gallons gasoline per week. And they stick to it! The only exceptions being the doctors, and other necessary public servants."

Editor's Note: Imperial gallon used in Canada equals five quarts. Their 3 gallons gas equals about 5 in the U. S.

The Canadians are allowed 4 oz. coffee per week and very little tea. They feel the tea rationing more than Americans.

The Canadians are very hospitable and a visitor can be sure of cold drinks or something at tea parties, even though you can't get the rationed foods.

And knitting! A visitor never saw such knitting as the Canadians do. They get most of their yarn from England and consequently some of them have been held up on their garments because of shortages. They work incessantly for the Red Cross and Bundles for Britain units.

Women drivers dressed in white uniforms pick up all salvage for the war necessities. They drive around from house to house once a week. This is necessary because of the shortage of men, since they are serving their country in many different capacities.

Mrs. Overton says "People shouldn't worry about the other countries. Just get busy and do every thing they can now to help before the world gets into a worse condition."

Mrs. Overton points to a news story that appeared in a Chicago newspaper Sunday, headed "Can-

ada to draft men and women for war plants." Complete registration of all men and women is promised for that country with the major aim to attain as great a replacement of male labor with female labor as possible.

Mrs. R. O. Hortberg says that she didn't notice the war effort until she recently visited her home

town of Whitetail, Montana, which is 7 miles from the Canadian border. When one gets up there they realize that Canada isn't in this war half-heartedly.

Whitetail is a port of entry, located on the Canadian Yellowstone highway. A Canadian a year ago could only take \$15 out of his country. The farmers were solving their problems by means of the radio. When one man had a seedler which he wasn't using he let others know so they could use it. The farmers all got together and helped each other. If they needed the loan of some machinery they announced it on the radio.

Mrs. Hortberg remembers the time, before Canadians put a high

tariff on American goods, when the Canadians drove 3 or 4 days by oxen team, coming 120 miles to Whitetail to stock up.

In her opinion the Canadians are a year ahead of America in this war.

## SHOULD HOUSE PAINTING BE POSTPONED FOR THE DURATION?

The answer is easy. The answer is NO.

If your house needs painting, by all means have it painted. At once. Protection of property is vital.

But the emergency requires that homes be painted with greater care than ever before. Select your painter and your painter wisely. Every extra year of service a high-quality paint can give means a saving of both material and man-power.

## Bomb 'em with JUNK

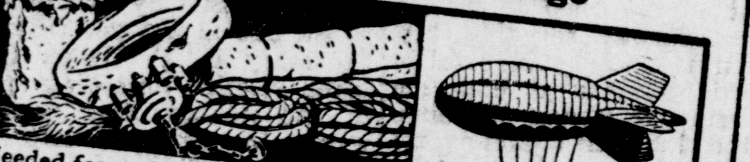

## JUNK NEEDED FOR WAR

Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

## Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.

NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only as announced locally.

NOT NEEDED (at this time)—Razor blades—glass.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

## It Happened Here

The radio is having a well-earned rest, a compulsory vacation, in fact; it is undergoing an operation, an appendectomy or something of that nature; in the home of the young surgeon, Richard, who ate radio parts in his childhood instead of spinach and who, at the now mature age of four-teen, walked out and got himself a job on his own in a radio shop; his admiring parents look on with awe, not knowing which knob to turn to increase or lessen his volume. We only hope that the knob-turning two-year old who monkey-does may turn out a super mechanic, but we wish he had cut his teeth on the lawn mower. Richard says that when testing his job on our radio he connected it up with his bed springs and got Ecuador, Geneva and Rome; he also says that the radio's erratic behavior was merely "coincidental" with the baby's tampering. A recent writer commented on the effect of a knock at the door; he says it is exciting, disturbing and even sinister especially at night as Shakespeare knew; we have always thought it a startling summons, particularly when used instead of the bell, and most emphatically so when we are alone in the evening, so it was more than startling to have the knock at the back door followed by an urgent shaking of the screen. The knocker proved to be a poorly dressed, rough looking customer who asked for fare so he could get to South Chicago; he was thankful out of proportion to the coin and we asked if he expected to get a job. "Oh, no," he said, "from there I'm to be sent on and put on a transport. I'm going to South Africa."

—S'Amuser.

## Colds Cost Money

by C. W. LUSSMAN  
of Sieburg Pharmacy  
National figures recently compiled show an appalling loss of time and energy due to the common cold. The total runs into millions.

You do not need to dwell upon these staggering figures. Just survey your immediate family and circle of friends to discover the facts.

Protection against these ravages lies in immunization thru proper resistance.

Your doctor knows your health problem and can advise you better than anyone else how to live, when and to what extent the use of serums may be effective. Guard against colds, help to reduce the enormous total of the cost of colds.

And remember that only a good druggist can correctly fill prescriptions.

This is the 200th of a series of editorial advertisements appearing in this paper each week. Copyright

Mr. and Mrs. H. M. Blume went to Bensenville Sunday to visit his aunt, Mrs. Henry Strive, Sr., who has enjoyed her 90 years of living, but who is unable to be as active as she used to be.

Mr. Marvin Johnston enjoyed a visit with his old schoolmate, Mr. Russell Koltenberg, who came from Beloit to spend the week-end.

Mrs. Henry Bolte, Mrs. O. G. Bolte, Mr. and Mrs. Roland Bolte and Mr. and Mrs. Wallace Bolte went to Rockford Sunday to visit their cousin, Mrs. Finley and family.

Mr. and Mrs. Frank Kring and family are living at 312 north Haddon recently vacated by Clarence Weber family.

Mr. and Mrs. Plumer from the city spent Saturday with Dr. and Mrs. E. A. Elfeld and Monday sister Anna and husband, Mr. and Mrs. Latham, came out to enjoy Mr. Latham's birthday with Dr. and Mrs. Elfeld.

Mr. and Mrs. Walter Krause, Jr., will soon occupy their new residence in south State road. Mr. A. F. Volz will move to 827 north Dunton avenue. The Albrecht property, 412 north Evergreen avenue will be occupied by Mr. and Mrs. Wm. Birges, who are moving from Wilmette to live in our village.

Mrs. Emma Friese has been in St. Francis hospital the past week for medical care.

Donald Peeters is spending his two weeks' vacation at McCullum Lake in the home of his aunt, Mrs. Dietz. Mr. and Mrs. Raul Peeters drove up to the lake Sunday.

Mr. and Mrs. Charles Fitzpatrick had a happy surprise Sunday when their cousins, Mrs. Stanfield and daughter of Lombard and the Misses Mary and Elizabeth Kehoe from Halfday came for a family visit. They all enjoyed recalling their experiences since their last visit about a year ago.

Mrs. Bessie Day writes her daughter, Mrs. G. R. Volz, that she expects to resume her employment with school board and in Salt Lake City, Utah, in the fall.

Mrs. G. H. Bascom and Mrs. O. G. Bolte went to McHenry last week Thursday where they were joined by Mrs. Schoeneman and three other city members of their club. Everyone enjoyed the outing.

Mr. and Mrs. Chas. Fitzpatrick, north State road are enjoying the fruit of their labor in their sunken garden where the water lily is blooming and on the terrace a V of red, white and blue Petunias stands out triumphantly with a cheery note of better yet-to-be.

L. Lloyd and M. Pippenger, 1111 and 115 north Dunton avenue, have demonstrated the use and pleasure of hobbies when applied to vegetables and flowers. Hybrid gladiolus, mammoth, beautiful and colors beyond imagination fill a large space with glowing colors which, when cut and made into bouquets, carry the spirit of "good neighbors" to their friends.

Miss Betty Vetter entertained Tuesday evening. Guests were members of social club who enjoyed a program of games, refreshments and discussion for future activities.

Residents of Hillside have learned that Russ Stolls, former resident, married Miss Marjorie Martin July 19 in a ceremony performed at Minneapolis. Attendees were Mrs. Al Eck, sister of the groom and Mr. Schultz, uncle of the bride. The wedded couple will make their home in Minneapolis.

Miss Adeline Honemann, daughter of Mr. and Mrs. Geo. Honemann, Arlington Heights, will become the bride of Mr. Burgess Field, Jr., son of Mr. and Mrs. Burgess Field, Sr., Palatine, at a garden wedding Thursday, Aug. 13, at 8 o'clock p. m.

Miss Anita and Carl Sventanoff recently visited their brother, George, and friends, Carl Kersten, who are stationed at Camp Swift, near Austin, Texas.

The Arlington Heights nurses' club will meet at the home of Mrs. Clara Lund, 10 S. Belmont Friday evening, August 14 at 8 p. m.

Remember this is simply the way to use substitutes for sugar in baked foods when it is necessary. We do not say that cakes, cookies, etc., baked with these substitutes are "just as good" as those made with sugar. We merely say that by following these directions you will get acceptable products. But sugar will give the best results.

Mr. and Mrs. Herbert Hammerl and family, Miss Marie and Robert went to Des Plaines Sunday, where they joined Mr. and Mrs. Walter Herbert and daughter, Eunice, Mr. and Mrs. L. Traub of Des Plaines, Mr. and Mrs. Carl Hammerl and children, Marlene and Carl, Jr., joined in celebrating their mother's birthday of August 7th.

Residents of Hillside have learned that Russ Stolls, former resident, married Miss Marjorie Martin July 19 in a ceremony performed at Minneapolis. Attendees were Mrs. Al Eck, sister of the groom and Mr. Schultz, uncle of the bride. The wedded couple will make their home in Minneapolis.

Miss Anita and Carl Sventanoff recently visited their brother, George, and friends, Carl Kersten, who are stationed at Camp Swift, near Austin, Texas.

The Arlington Heights nurses' club will meet at the home of Mrs. Clara Lund, 10 S. Belmont Friday evening, August 14 at 8 p. m.

Remember this is simply the way to use substitutes for sugar in baked foods when it is necessary. We do not say that cakes, cookies, etc., baked with these substitutes are "just as good" as those made with sugar. We merely say that by following these directions you will get acceptable products. But sugar will give the best results.

In Quick Breads

In Yeast Doughs

In Custard-Type Desserts

In Canned Fruit or Berry Pies

In Fresh Fruit or Berry Pies

In Cookies

In Butter Cakes

In Sponge and Angel Food Cakes

NOTE: In measuring syrup, take care to measure level (not over-full). Syrup is apt to round up a bit due to surface tension. Grease pans extra well. Cakes made with syrup are especially moist. Test carefully to be sure cake is thoroughly baked.

TABLE SHOWING

SUBSTITUTION OF SYRUP AND REDUCTION OF LIQUID IN CAKE RECIPES

If Recipe Calls For

Amounts of Sugar And Syrup To Use

To Reduce Liquid: Measure For, Then Take Out

1 cup sugar 1/2 cup of each 2 tbsps. liquid

1 1/4 cups sugar 3/4 cup of each 2 tbsps. liquid

1 1/2 cups sugar 3/4 cup of each 3 tbsps. liquid

1 3/4 cups sugar 3/4 cup of each 3 tbsps. liquid

2 cups sugar 1 cup of each 3 1/2 tbsps. liquid

2 cups sugar 1 cup of each 4 tbsps. liquid

The substitution of syrup for sugar is not satisfactory.

## Local scouts hike Lincoln trail

Life Scouts Robt. Smeby and Donald Hotz of Troop 23, Mount Prospect together with Mr. R. P. Smeby, enjoyed a camping trip which included a visit to the State Capitol in Springfield, two nights camping at Camp Sangamo of the Abraham Lincoln Council Boy Scouts of America with headquarters at Springfield and the New Salem State Park.

Purpose of this expedition was to enable these Scouts to take the Lincoln Trail Hike from New Salem to Springfield. This historic hike, a distance of approximately twenty-one miles is taken over the route which Abraham Lincoln used when he was a resident of New Salem in walking to and from Springfield and according to many historians he made this trip to borrow books.

In the fall of 1926 the Abraham Lincoln Council Boy Scouts of America conceived the idea of a Lincoln Trail Hike for Boy Scouts. The village site had been restored by the State as New Salem Park and the town was being authentically rebuilt and it was suggested that to acquaint Scouts with Lincoln's ambitions and perseverance a suitable award be made to the Scouts who should walk alone from New Salem to Springfield as Lincoln had done years before.

Any Boy Scout or Scouter, duly registered at National headquarters, who is at least of Second Class rank is eligible to take this hike. He must first read "The Boy Scout Life of Lincoln" by Ida M. Tarbell and prepare a book review of not more than 300 words in length. Application is then made on a form which is provided by the Abraham Lincoln Council which is signed by the Scoutmaster and forwarded to Springfield through the Northwest Suburban Council headquarters, together with the book review.

There is a fee of \$1.00 which defrays the expenses of the medal and the engraving but at the present time the medals are not available and a suitable certificate is presented instead. It is expected that the medals will be presented when they are available.

In taking the Lincoln Trail Hike the Scout walks alone and on the back of his credential sheet there are a number of sayings of Abraham Lincoln which the Scout memorizes while on this trip.

The New Salem State Park is a very interesting place to visit as it was here that Abraham Lincoln came to live in 1831 as a young man of 22. The stories told of Lincoln during his life at New Salem are probably better known than those of any other period of his life.

The private libraries available in New Salem did not afford Lincoln an opportunity to read books of law. He had, however, become ac-

## READING & WRITING

BY Edwin Seaver AND Robin McKern

ABOUT six years ago newspaper headlines announced the spectacular trans-Atlantic flight of a young woman aviator named Beryl Markham from the shores of England to North America. Miss Markham was the first woman to make this East to West solo flight, the first person to fly from England to America. Yet this excursion was by no means Miss Markham's most hazardous undertaking, we learned from her recently autobiography, "West With The Night."

BERYL MARKHAM

Miss Markham was born in East Africa, the daughter of an English gentleman farmer. At the age of seventeen she was earning her living training thoroughbred horses. She later became the first professional woman pilot in Africa.

One night she flew three hundred miles to carry an oxygen tank to a man who was dangerously ill in a remote mining camp. On her way home from this trip she searched for another pilot who had been missing for several days. In the midst of a herd of zebras she saw what looked like a small pool gleaming in the sunlight. It was the silver wings of the missing plane. She made a risky landing, rescued the pilot, who was haggard but grinning. "Have you anything to eat?" he said. She took him back to headquarters. It was all in a day's work.

One of Beryl Markham's earliest memories has to do with a lion—a supposedly domesticated lion who inhabited the farm of a friend of her father's. When they went visiting, she trotted out to get a look at this famous animal. She walked past him slowly, singing, because she had been taught that one must not show fear. But the lion reverted to type and stalked her. She was saved only by the intervention of a native servant who had felt it his duty to keep an eye on her. The native tactfully informed her father of what had happened. "Your daughter," he said, "has been moderately eaten by a large lion."

"West With The Night" is the story of an unusual woman, and is also an unusual book—told with humor, with compassion, and a rare sensitivity to the wonders of life and nature.

Gertrude Diamant, author of one of the September Book-of-the-Month Club selections, "The Days of Ofelia" (the other is Robert Trumbull's "The Raft"), says that her favorite type of humor is what she calls "shaggy dog" jokes. When we asked her to define that term, she said somewhat vaguely that they were jokes that were pointless. As an example she told a story she said originated in Colombo. It seems that a man once saw a parrot climb a tree, so he started to climb after it. After they had climbed for a while, the parrot turned around, looked at him, and said, "Why are you following me?" The man paused and took off his hat. "I beg your pardon," he said. "I thought you were a bird."

## WALTHER LEAGUE

### Northern Illinois District

News items for this column should be mailed to Dorothy Machel, publicity chairman, 6027 W. Highland, Chicago.

#### Arlington To Cisco

Early Sunday morning, August 9, approximately twenty-three Arlington leaguers and friends left in a truck destined for our district camp on Lake Geneva. They arrived in time for church and dinner under the trees. Then Arlington became involved in a sizzling baseball game with Mt. Olive. It was too sizzling. Arlington lost 7-3. Now, we're all taking lessons from Howie Hasz in juggling. That was a spectacular catch, fellow!

Niles was also there. 'Nuff said.

#### A Success Story

The Schaumburg league's outing at Cedar Lake July 26 was so smooth that the leaguers are hoping to repeat at a hike at Deer Grove Tuesday, August 18. Wonder if they will serve Schaumburgers? Sorry, I forgot you don't like corn.

#### On Needles and Pins

Glenn Bees, former Cultural chairman of our zone, has been reclassified I-A and expects to leave soon. Glenn hopes they won't call him until after the district convention. Can you blame him?

#### Growing Pains

New young blood was injected into the Itasca Walther League at their last business meeting. Three new members were welcomed into the league.

#### Did You See Him?

Ted Meyer, former zone pres-

ident, visited Arlington last week. He still manages to keep a few funny bones hidden in his uniform.

#### Opportunity Knocks

If you missed seeing the "Power of God," a Lutheran movie, you can still see it at the Niles church August 16.

#### A Certainty

Now the zone beach party is bound to be a colossal success. Betty has picked Joyce-Ann Beaderstadt and Dorothy Maedlin to help with the entertainment. By the way, don't forget to bring your own sticks along for the wienies.

#### In the Navy Now

Byron Petersen and George Yost of Our Saviour's, Norwood, left last Wednesday for Glenview Field. That brings the number of Our Saviour's service stars up to 31.

#### A Bloethner Oddity

Happy birthday to the Bloethners of Niles, Wally, Papa, the twins, Louise and Paul, and Bert were all born in August. If mama Bloethner had also been an August child, perhaps the Bloethners would have been in Ripley's Believe Or Not instead of this column.

#### Business Meeting

In fact, Norwood Srs. had no August business meeting. Instead, after receiving an invitation from June Colburn, president, to roast wienies over the Colburn's new outdoor fireplace, they tabled the meeting till September. At the expense of Will Maedlin, leaguers

twisted their tongues on "Lilly, pass the pickle-willy."

Rev. John Carl Streit, allround Walther leaguer, has answered a call from Oklahoma to minister to a deaf-mute mission. In addition he will serve two outlying missions in Oklahoma and five in Texas. From now till November when he expects to leave, John Carl will be studying sign language under the tutelage of our own Chicago deaf-mute missionary. We'll miss you terribly, John, but we're proud that you are being offered such a wonderful opportunity to use your many talents for Christ.

#### Keeping Tabs

Itasca Walther Leaguers have placed an Honor Roll in their church lobby listing the names of the eleven boys from the congregation who are now in the service.

## SAVE ON TASTY, QUALITY FOODS SEE ALL THE A&P EXCLUSIVE VALUES

Having problem making your food dollar stretch? Now is the time to investigate the amazing value offered in fine foods both made and sold by A&P. Just take the quality famous Ann Page foods. They're economical to buy—delicious to eat—you save on Ann Page foods. They are made by A&P and sold only by A&P. Ann Page foods are known for their flavor, value and nourishment. ## WE CAN HELP WIN THE WAR

There are other important fronts vital to our war effort besides the actual military fronts. Even on the 'home front' not all the vital effort consists in war jobs in war plants or in defense organizations, however important these things are. Most of us are still and will probably be outside these classifications. Our important jobs consist in carrying on the regular routine public services which constitute the backbone of the nation. The merchant, the professional man and woman, the salesman, the salaried employee, and wage earner, the farmer, as well as the banker all participate in this big job. Final victory will depend on how well we do our work.

# Alice Drechsel is showered

Miss Jane Nansfield of Evans-ton is giving a shower on Thurs-day in honor of Miss Alice Drechsel, the daughter of Mr. and Mrs. Arthur Drechsel of Arlington Heights. Miss Drechsel is leaving Friday for Greenville, South Carolina, where she will be married. Her husband-to-be, Lt. John Duerkop, is a resident of Des Plaines and has just received his commission as a Bombardier in the United States army air forces.

Mrs. Willard R. Balhatchett entertained six guests, all of Chicago, for luncheon on Thursday of last week.

# Final blackout instructions given to raid wardens

An assembly of air raid wardens and other interested Civilian Defense workers crowded the field house Monday night to hear the final instructions for the blackout which took place Wednesday night. Mr. Charles Forberg, Utilities Chief of the tenth district, Des Plaines, was present to answer questions.

The instruction sheet for all wardens was read and fully explained. It was particularly stressed that no smoking was to be allowed since the light of one match can be seen five thousand feet in the air and casts light for a diameter of twenty feet.

Official instruction and explanation bulletins were passed out to the wardens. In addition each one has received the official Air Raid Warden's Manual.

Mr. John Kumer was in Detroit over the week-end.

Mr. and Mrs. Ben K. Babbitt entertained Sunday at a family dinner. Mr. Babbitt's cousin and his wife, Dr. and Mrs. George M. Krieger of Michigan City, Indiana, his sister, Mrs. Edward M. Gallup of Highland Park, and his niece and her husband, Mr. and Mrs. Knox Booth and their baby daughter, Alice, of Winnetka, were dinner guests.

Mr. and Mrs. Peter Fredericks of 1112 south Dunton, avenue announce the marriage of their daughter, Eleanor, to Wm. Beck, Jr. of Chicago. The ceremony took place Saturday morning at St. Hilary's church in Chicago. The couple plan to make their home in Chicago.

Mrs. Frank Wood and her daughter, Ardelle, have been visiting in Hastings, Nebraska, this past week.

Miss Doris Pippenger of Nappanee, Indiana, was a Sunday guest at the N. K. Barr home. She has been visiting her aunt and uncle, Mr. and Mrs. Milo Pippenger and returned home Tuesday.

Week-end guests at the home of the Rev. and Mrs. Milo J. Von-dracek were the Rev. and Mrs. Eugene Alexander and their daughters, Dorothy Mae and Beverly of Coon Rapids, Iowa, and the Rev. and Mrs. F. Hopkins Kleinhauer and daughter, Carole Lucy of Peotone, Ill.

The wedding of Miss Ruth Schwolew of the village and Wilbur DeAre of Palatine, will take place Saturday evening at 7:30 o'clock in the St. Peter Evangelical Lutheran church.

## Elk Grove Home bureau to meet Wednesday eve

The social meeting of the Elk Grove Home Bureau will be held Wednesday at 8 p. m. at the home of Mrs. A. W. Busse, corner of York rd. and Oakton st. It will be a wiener roast for the present and former members and their families. The members are asked to bring supplies for their families. Come rain or shine.

**Leading Two Ways**  
Asia has the highest and lowest points on the earth's surface—Mount Everest, with an elevation of 29,141 feet, and the Dead Sea, 1,290 feet below sea level.

# Arlington Local News

Miss Jean Daniels has completed her studies at the Illinois State Teachers College in DeKalb from where she returned home Friday. She is leaving the thirty first of this month to take up her duties as a teacher of science and mathematics at the Cordova, Ill. high school.

Mr. and Mrs. A. D. Hirs and their daughter, Alberta, spent Sunday in Rockford. Returning with them was Roberta Helm who is spending the week in Arlington Heights.

Mrs. Ross Richards and her daughter, Barbara, returned last week from a six weeks vacation at Sturgeon Bay, Wis.

Mr. and Mrs. Willard Walters have been traveling in New York and Washington and expect to return the latter part of this week. Visiting in the Walters home are Mrs. Arthur Whalen and her three children, Mary Gertrude, Jane, and Billy, of Davenport, Iowa, and Mrs. Dallas Vinette of Taos, New Mexico.

Mr. Gilbert Klehm and Mr. Clarence Horcher returned last Saturday from a short vacation in Wisconsin. While there they visited the Rev. Kossack, former pastor of the Arlington Heights Presbyterian church.

Mr. and Mrs. Max Warson entertained Sunday at a steak fry. Among those present were the E. W. Baumgart family, the Harry Franke family, the Thurman Dodges, Mrs. E. R. Williams and Leone, all of the village, and the H. E. Glawe family of Mt. Prospect.

Mr. and Mrs. Willis Hubbard entertained ten for dinner and cards on Saturday evening.

Frances Hubbard recently returned from Camp Shaukena at Galesburg and will spend the rest of the month with her grandmother at Monmouth.

Mr. and Mrs. Willis Hubbard are leaving Friday for a two weeks' vacation at the Elgin House, Muskoka, Ontario, Canada.

Dr. Walter A. Schimmel recently underwent an operation at the St. Francis hospital in Evanston. He will probably be in the hospital for at least three weeks.

Mr. and Mrs. John Kent and Christopher were week-end guests at the home of the Charles Lewis family in Milwaukee.

Mr. William Schumacher and his daughter, Margaret, of Indianapolis, Indiana, are visiting in the home of Mr. and Mrs. Edward R. Leicht, Jr.

Mr. and Mrs. Walter Militzer were house guests last week at the home of the Theodore Militzers. They were on their way from Lincoln, Nebraska, where Mr. Militzer teaches in the university, to Florida where they will visit Mrs. Militzer's family. They plan to stop in the village again on their way back to Nebraska.

Mrs. Sherman E. Pate and her son, Pvt. Sherman Pate, Jr., who is on furlough from the army, spent the week-end at their cottage in Glenwood Springs, Lake Geneva, Wis. On Sunday eleven members of the Pate family were entertained.

## American Legion auxiliary notes

The rehabilitation chairman, May Wisersky, and the president of the auxiliary, Theima Carroll, will go to Elgin Friday of this week to take the collection of clothing, working materials, books and the usual treat to the veterans in the Elgin hospital. This will finish the work of the year.

The Palatine auxiliary is holding its installation of officers on Thursday the thirteenth. Merle Guild Post and Unit will hold a joint installation of officers on September twelfth at Legion hall.

Owing to the nearness of the convention, it will not be convenient to meet at the Red Cross headquarters on the eighteenth. Members are asked to keep on knitting.

Mrs. H. R. Collard has recently completed a course in Outdoor Landscape at the Art Institute. This is the course which takes the student all over Chicago to paint. It lasted six weeks.

Miss Henrietta Klehm entertained Mrs. John Bailer and her two sons from the University of Illinois.

Mr. and Mrs. Arthur Eppig entertained Mrs. Eppig's parents, Mr. and Mrs. Frank Hartzer of South Bend, Ind., over the week-end.

The Raymond Sheridan family of Stonegate motored to Freeport on Sunday to visit relatives.

Mrs. Charles Atwood is leaving Thursday to spend her vacation in the east. She plans to be at Cape Cod, Mass., for several weeks.

Mrs. Charles Knoppel and Mrs. Edward Pedersen, both of Lake Forest, were Sunday guests at the home of Mr. and Mrs. John L. Grose. Mrs. Pedersen's husband is a lieutenant in the navy and is stationed in Trinidad.

Mrs. D. Crumlish and Nancy and Brian are leaving Thursday for Ephraim, Wisconsin, where they will stay until school starts.

The Robert Dibble family were Sunday guests at the home of Mrs. Dibble's brother, Dr. F. W. Reeves, and his family in Chicago.

Mr. and Mrs. D. Crumlish entertained Saturday evening at a party in the Empire Room of the Palmer House. Guests included Lt. and Mrs. Dale Lancaster of Great Lakes, Lt. Hugh Wilson of Ottumwa Air Field, Sheridan Crumlish of Wilmette, Miss Charlotte Wiles of Kenilworth, and Nancy and Brian Crumlish.

Dr. Norbert Leckband is in the St. Francis hospital in Evanston recovering from an operation. He is expected to remain in the hospital for about two weeks.

The Mark M. Cleaver family of Burton Place is vacationing at Ludington, Michigan.

Pauline Russell is at the Camp Fire Girls' camp, Camp Nawakwa, South Haven, Michigan.

Grace Schmidt, a former resident of the village, visited friends here last week. She now lives in Chicago.

Mr. Ray Hayes spent the week-end in Columbia City, Indiana, visiting his father, Mr. George Hayes, who is in the hospital there.

## BACK TO SCHOOL

Smartly Dressed As Ever

**Cinderella's FASHION ORIGINALS**

There is nothing smarter or more practical for school than our new fall Cinderella cottons... woven gingham plaids, high count broadcloth, cotton shantung and other fine fabrics... all guaranteed to wash and wear! See our two-piece suits, jumper styles with separate blouses, ric ric and border print dresses... all specially styled for school. Select your daughters' Cinderella wardrobe now.

**SWEATERS AND SKIRTS**  
You can't ever have too many sweaters and skirts. See our grand collection. Sweaters, 7-16, \$1.98 and \$2.98. Skirts, 3-12, \$1.98 and \$2.98.  
JUNIOR SKIRTS \$3.98 UP

## Art Drechsel improving

Mr. Arthur J. Drechsel, whose car was struck by a northbound train last Tuesday, is well on the road to recovery. He has returned home from Northwestern hospital, Des Plaines, where he was taken after the accident and expects to go back to his job as wire chief at the Arlington Heights office of the Illinois Bell Telephone Co., early next week.

Carl Ewert, president of the Arlington Heights Lions club, is vacationing this week at Surge-on Bay, Wis. With him are his wife and daughter, Barbara Ann. They are planning to return at the end of the week.

# OBITUARIES

## Ernest Pahlman

Ernest August Pahlman, lifelong resident of the Barrington area, died Tuesday morning at his home on west Main street. He was 81 years old.

Funeral services are being held this afternoon, Thursday, from the funeral home at 149 west Main street, Barrington. The Rev. G. P. Ellerbrake of St. Paul church is officiating, with burial in Rand Hill cemetery.

Mr. Pahlman had been in ill health about six weeks. He was born January 8, 1861 in Elia township on what is now known as the Terry Druggan farm. He later bought a farm on Rand road on the site now occupied by Rand Acres and farmed it until 1926, when he retired and moved to Barrington.

He married Maria Popp in the Long Grove church on March 3, 1887, with the Rev. C. A. Starck officiating. She survives him, along with four daughters, Mrs. Ernest Baade of Barrington, Mrs. Henry Mochling and Mrs. Christ Howe of Palatine and Mrs. Esther Brunst of Park Ridge; a son, Oscar Pahlman of Mundelein; 13 grandchildren and one great grandchild. A son, Edward Pahlman of Palatine, died in March, 1940.

## TOO LATE TO CLASSIFY

### WILL GIVE AWAY FREE

a full-grown New Zealand White rabbit to each of the first 20 boys calling at our Animal Building on Saturday, August 15th, between noon and 6 p. m.

### THERE ARE NO STRINGS

attached to this offer, except boys must be 12 to 16 years old and live within 5 miles of Itasca.

### WE BELIEVE THIS

to be a good way to interest boys in raising rabbits. We feel a few of them will be successful breeders and sell stock to us or wherever you choose. Food will help win the war! As a meat producer the rabbit is second to no other animal!

### OUR GOVERNMENT NEEDS

Guinea Pigs for laboratory purposes. We will trade you first type New Zealand rabbits for pigs weighing up to 1 pound — on the generous basis of 4 pounds of rabbits for each pound of Guinea Pigs.

### HARRISON'S

Willow & North ave., Itasca, Ill. "America's largest breeder of Guinea Pigs."

## Mrs. Fredericka succumbs at 92

East Maine lost its oldest resident when Mrs. Fredericka Rahn passed away Sunday evening at 7:30 at her home on Milwaukee avenue. She had been ill for about six weeks with a complication of ailments brought on primarily by old age. She passed her 92nd birthday last winter.

Mrs. Rahn was born Fredericka Schulz on January 21, 1850 in Gluzo, Germany. There she received her education and was confirmed in the Lutheran faith. On October 27, 1872 she was married to David Rahn and early the following year they came to America, settling in Chicago. Later they moved to different locations outside the city and in 1884 moved to the farm on Milwaukee avenue where Mrs. Rahn has since made her home with her daughter and son-in-law, Mr. and Mrs. John Bruhn.

Five children were born to Mr. and Mrs. Rahn, two sons and three daughters. Today Mrs. Mary Bruhn is the only one to survive. Mr. Rahn passed to his eternal reward in 1922.

The Rahns were charter members of St. Matthews Lutheran church when it was established and remained faithful in attending divine services as long as health permitted. The fact that the church was undergoing redecoration just that the funeral services be conducted elsewhere. They were held at the Oehler Funeral Chapel in Des Plaines, Wednesday afternoon, August 12 at 2 p. m. Rev. Julius Toepel officiated.

Grandsons of the deceased served as pall-bearers: Martin, Walter and John Bruhn, Frank Sanders, Roy Russell and Gilbert Linne-mann. Burial was at St. Matthews cemetery.

Surviving are the daughter, Mary Bruhn, 1 son-in-law, 9 grandchildren and 5 great grandchildren.

## Michael Geimer

Funeral services were held Wednesday morning at St. Mary's church, Buffalo Grove, for Michael Geimer, who died at the Palatine hospital Sunday. Deceased had operated a green house on Dundee road the past thirteen years. He had followed the florist trade all of his business life.

His health began to fail a year ago and for the past eight weeks has been seriously ill. He was taken to the hospital July 24.

Deceased was born in Chicago June 24, 1897. He married Miss Helen Steffen June 22, 1921. Mr. and Mrs. Geimer remained in Chicago until 1929 when they came to Wheeling township.

There remain his wife, seven children, four brothers and four sisters.

## Earl McDougall

Earl McDougall, 11, son of Mr. and Mrs. Earl McDougall, north Danton, Arlington Heights, died at the Evanston general hospital Tuesday afternoon, following an illness that continued four months. The funeral will be held in the Methodist church Thursday afternoon with interment in St. John cemetery.

Earl was born in Arlington Heights September 13, 1931 and attended the elementary school until his sickness. He leaves beside his parents four sisters and five brothers.

## In the chips

Edward G. Robinson shows Jane Wyman how to make money in this scene from "Larceny, Inc." now at the Des Plaines Theatre.

## It's the law

### A GEM OF THE PRAIRIE

In gathering material for his book "Gem of the Prairie," Herbert Asbury came across hundreds of curious and interesting items. Many of these were culled from the press of early Chicago. For example, the files of the Chicago American of that day yielded the following:

### NOTICE

My wife, Mary Burnley, left my house and bed on Saturday, 8th instant, without any just cause, and is supposed to have went away with another Hoosier, who probably knew her better than I did. They will be handsomely rewarded for keeping her forever.

Chicago, August 8, 1835.

What became of the missing wife and the erstwhile husband who does not matter here if, indeed, it is known. In this bizarre story, however, are two other points worth noting. One is that even in this unhappy instance a form of Public Notice was used to call attention to the matter.

The other is that although this was the first year of publication for the American, like other newspapers, it was utilized from the outset as the most effective medium for Public Notices. That this is still true is evident to anyone from a study of the laws of the states or from an examination of any newspapers of general circulation.

Copyrighted, 1941, by J. E. Pollard

## Meeske's to play Des Plaines all-stars Sunday, Aug. 16

This Sunday, Meeske's baseball team will play a team of "All-Stars" picked from the teams that took part in the Des Plaines night league.

More than likely, Mel Bach of Mt. Prospect will pitch for the "All-Stars" since he pitched "white-stucco" to a championship in the night league. So far real excitement watch Meeskes play the "All-Stars" this Sunday. Game time, 2 p. m. at the Mt. Prospect ball diamond.

This Friday night the boys will travel to Des Plaines to play "White Stucco" the champs of the night league. The boys just had their winning streak of eight straight games broken, but seem on their way to finishing the season with a better than .500 average.

### Have Won 18 of 31 Contests

The boys during their last winning streak brought their total of wins from 10 to 18 games by winning 8 straight. However, this season the boys seem to have both hitting and pitching strength, the records below will show you that.

Pitcher's Record wins losses  
Ange Calanca 2 0  
Al Hedke 7 2  
Dick Bussce 7 4

Team Record  
G AB H B. Ave  
31 877 299 342

The records also show the team having a .342 batting average, plus 14 hitters above .300. However, only four batters are below .300 but seem well on their way to hit over .300 before the season closes.

### Royal Neighbors meet Monday

Northbrook Royal Neighbors had their regular meeting last Monday. After a very interesting meeting cards were enjoyed.

Guests for the evening were Carrie Krieger Superting deputy of Chicago, and neighbor A. Schaffer of Logan Square Camp, Chicago. The winners were Oracle Alvina Stoelting and Neighbor Schaffer. The next meeting will be Monday evening, September 14, to which all members are requested to attend.

Joseph Ruesch underwent a tonsil operation on August 3 and we are happy to say is back at work and feeling fine again.

The Welcome Park Unterstuetzung's Verein announce their annual summer picnic and dance to be held at Decker's Grove in Morton Grove Saturday evening, August 15. All members, their families and friends are invited to attend.

Mr. and Mrs. Harvey Skerke entertained at a family gathering at the Pochl's home on Golf road on August 7 in honor of Harvey's two brothers, Corporal Elmer Skerke and Lawrence. Corporal Elmer had been home on leave from Tampa, Florida and Lawrence is expecting to leave for the service on August 15. Mr. Joe Skerke, father of the boys, makes his home with Mr. and Mrs. Oren Jaacks during the summer months.

An unusually large crowd attended the annual picnic sponsored by St. Matthews congregation Sunday afternoon and evening so that from ever standpoint the affair was a decided success. More and more it seems to be becoming an evening picnic for most of the crowd came in the late afternoon, in time for the delicious supper served by the Ladies Aid and stayed late. The committee in charge is grateful to all who attended and helped make the picnic a success.

## Northbrook news

Members of Las Amigas had a most delightful time in Chicago on Monday to celebrate Member Hipsley's birthday. A delicious luncheon was enjoyed and further plans were made for the forthcoming party.

Mrs. Alice Voltz has been staying with Mrs. Gloss the past several weeks. Mrs. Gloss has been very ill for the past weeks.

Mrs. Mabel Willis spent the week-end with relatives in Ohio.

We are sorry to report the illness of Earl Poplum. He is now in a Chicago hospital, seriously sick.

Richard Hipsley is in the Garfield hospital rapidly gaining strength after an appendectomy. His friends miss him at St. Paul depot and hope for a speedy recovery.

Mrs. Otto Funke had as her guest her daughter and husband, Mr. and Mrs. Collins and daughter from Wisconsin.

Lt. and Mrs. Leo Delories are enjoying Reno, Nevada. Lt. Delories is stationed there as an instructor.

### IN MEMORIAL

In fond memory of our dear son, Harry E. Tins, who passed away three years ago August 13. If only we could see your smile And clasp your hand today, If only we could tell you, the things our hearts would say. Long days, long nights you bore your pain, Waiting for cure, but all in vain, God saw that you were suffering That the hills were hard to climb, So He softly closed your eyes and Whispered "Peace be Thine!" Loving parents, Mr. and Mrs. A. Tins and family.

## Red Cross to meet Tuesday

A meeting, to which all women who are willing to give service in a Red Cross production unit invited, will be held at the home of the chairman, Mrs. Phil. Doetsch, Tuesday afternoon at 1:30 o'clock.

Mrs. Doetsch recently received an application blank for registration of the unit and expects that the unit will soon be registered. Further details of organization must be attended to, if the unit is to be effective.

According to the present set-up the Red Cross receives orders from the government for garments which must be finished at a set date. Experienced workers must be ready to do the job when called on.

The help of all women handy at sewing or knitting will be needed. Come to the meeting and find out what you can do.

Inexperienced knitters are encouraged to practice in the making of afghan squares and be ready for more advanced work as later calls come. Mrs. Doetsch has offered to give knitting instructions to those who wish to learn.

A vacation on the farm was cut short for William Macko of Chicago when he fractured a bone in his right arm last week. Bill is a nephew of the Rev. D. C. Morrison and was staying with the George Allison where he helped with the farm chores.

Mrs. John E. Barrett was a patient at Libertyville hospital last week, suffering from a fractured rib. She received the injury when she fell in her home Saturday, July 26. This week she is convalescing at the home of her son, Harold, in Des Plaines.

Joseph Hiller of Antigo, Wisconsin has been visiting the Arthur Brendt family. Mr. Hiller is a brother to Mrs. Brendt.

Mrs. Lincoln Clark, Jr., and baby, Katherine Ellen, visited at the Victor Haben home this week.

The John Nielsen family is spending a two weeks' vacation in northern Wisconsin.

Miss Carol Bellmore returned home last Thursday after spending several weeks with her aunt in Chicago.

Mrs. Ruth Wiles and son, Thomas, of Lincoln, Nebraska, visited at the E. Kruse home last week. Mrs. Wiles is recreation director of three community centers in Lincoln and came to Chicago on a vacation trip.

Mr. and Mrs. George Periolat were guests at the wedding of Miss Gale Gartz of Lake Geneva on Saturday evening.

Mrs. Hans Schmidt, Hans Jr., Miss Margaret Seiler and John Forke are vacationing in Wisconsin.

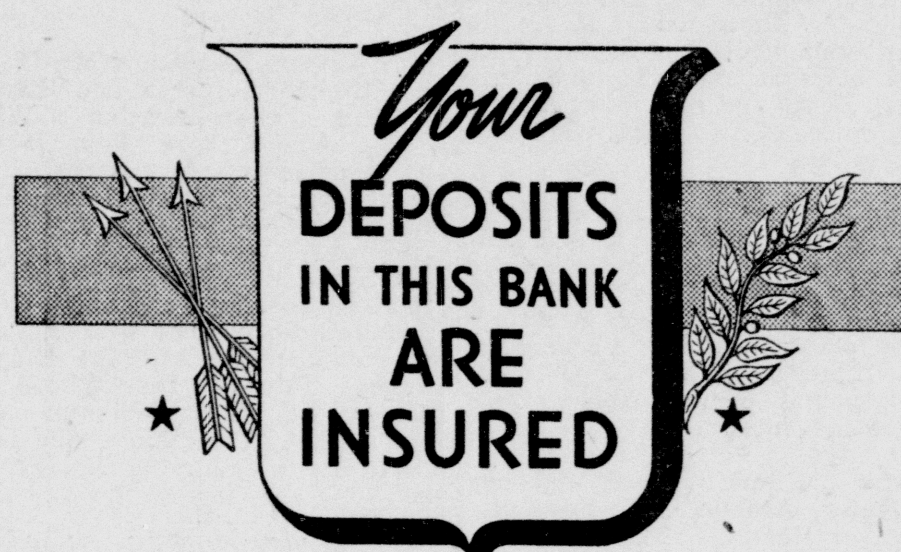

Miss Polly Person is visiting with friends in Joliet this week and will accompany them to their summer cabin in Minnesota where they will spend the rest of the month. Mr. and Mrs. Person plan to join them there for a week.

Mrs. Louis Gulfo is at home recovering from painful injuries received last week. Mrs. Gulfo was driving north on Milwaukee avenue on Wednesday evening when she collided with a Chicago motorist in front of Wolf's picnic ground. She suffered several fractured ribs and numerous cuts on her legs requiring forty stitches.

### Ancient Pipes

A copper pipe, made by Egyptian coppersmiths in 2750 B. C., is now in a Berlin museum.

## War Production and Electric Power in Northern Illinois

War production means more than making guns and tanks and planes. In wartime particularly there must be an abundance of wholesome food to enable fighting men and civilians to meet the extraordinary demands on their energies.

In northern Illinois more than 35,000 farms, served by these companies, are now engaged in producing energy-giving food. Efficient production on these farms is made possible by a steady flow of electric power... power to perform countless farm tasks that help supply the huge quantities of food demanded by America at war.

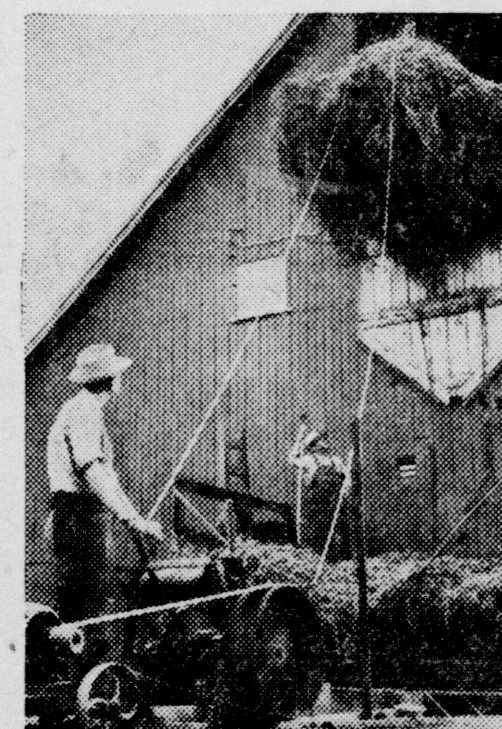

The electric milker brings a high degree of efficiency to the dairy farm... cutting milking time in half.

Huge steel towers carry energy from generating stations to the vast network of power lines that spreads out over the countryside, making electricity available to remote areas. Power is delivered direct to the farmer... another practical tool to help in meeting farm quotas.

Pigs get off to a good start, thanks to an electric pig-brooder that keeps them warm during their first weeks.

Production speeds up on farms. An electric motor hoists hay into the barn for storage.

Feed is ground electrically with portable farm chore motor—for convenience and economy.

Secretarial course  
in September  
at Northwestern

The increased opportunities for women in business created by the war has led to the establishment of a four-year program of secretarial training at Northwestern university which will prepare the graduate for immediate secretarial service and provide the background for an eventual position of an executive nature, it was announced today.

The program, sponsored by the School of Commerce on the Evanston campus, will open in September. Graduates will receive the degree of Bachelor of Science in Commerce.

A broad cultural base of liberal arts courses has been developed for the first two years of the four-year program. An introductory survey course in commerce and industry is the only business course offered in the freshman year. Economics, accounting, and elementary typewriting are given in the sophomore year. The basic commerce courses and specialized secretarial courses are offered in the junior and senior years.

Old Libertyville  
bridge brings  
\$250 for scrap

The old Bulkley bridge spanning the Des Plaines river near Libertyville has been sold for scrap, it was announced last week.

The government requested its sale for scrap, after finding it was little used since the construction of a new cement structure. Highest bidder was the Diamond Scrap yards in Waukegan.

County defense unit  
adopts ordinance  
for rural areas

The Cook county council of civilian defense adopted a blackout ordinance similar to that chosen in Chicago and neighboring suburbs, it was announced this week. The \$200 fine or six months imprisonment clause is included in this ordinance for non-compliance.

Cook county council has jurisdiction over all unincorporated areas in the county and include many communities in this area. Clayton Smith is chairman of the council with James J. Doody, co-ordinator.

Communities in this area under the county council jurisdiction and their coordinators are:

Urges parents  
to modify  
war newsChildren's health  
is at stake

Jitters brought on by too much war news may be as contagious in a family as the measles, in the opinion of Miss Edna Walls, extension specialist in family relationships, University of Illinois College of Agriculture.

If war news is to be served up at every meal along with well-planned, attractive food, there may be a real reason why some young member of the family can't do justice to the plateful of food set before him. In suggesting that parents adopt a positive, constructive attitude toward the war for the benefit of their children who are sensitive to any feeling of insecurity, Miss Walls refers to the recent advice of the Office of Civilian Defense.

"Your children know there is a war. They will keep cool if you do. You will keep your morale best, if you keep family life going along as usual. Try not to talk too much about war, or listen to too much war news, especially at meal times."

English people have found out that the chief need of their children is a feeling of security, according to one English correspondent. However, they feel insecure, not because they know life is hazardous and death always close by, but only when they doubt their parents and guardians.

Along with adopting an attitude of cool detachment toward the dangers of war, which will invariably carry over to the child, parents should give their youngsters something to do which will make them feel they're helping out in the war effort, Miss Walls said. It may be nothing more than growing a tiny victory garden, or doing the dishes for mother who has a Red Cross class, but action drives out fear and releases new energy to keep one's chin up.

WHEELING CAR  
IN COLLISION

A car driven by Mrs. Grace Gulfo of Wheeling was involved in an accident last week Wednesday on Milwaukee avenue but Mrs. Gulfo's injuries were not serious.

Mrs. Gulfo was driving north on Milwaukee just north of Hintz rd. when she struck the rear of the car driven by Leo Brady, Chicago. Brady had come to make a left turn into Wolf road. The Brady car pushed into a parked car belonging to Walter Cisco, Chicago. Brady and his daughter, Caroline, were given hospital treatment for their injuries.

OLD CITY LIGHT  
FIXTURES BECOME  
\$1,000 WAR BOND

The city of Des Plaines sold its old unused light fixtures, deriving \$750 from the sale. The money will be used for the purchase of war bonds.

Attic insulation  
most effective  
for all homes

"One of the easiest and most effective ways to stop heat loss and maintain an even comfortable temperature in an existing home," says Frank G. Zallar "is to insulate the attic."

Frank G. Zallar is General Manager of Edward Hines Lumber Co., Glenview Branch and has been engaged in the building materials business for 18 years.

"Because of air rises," states Frank G. Zallar, "the most logical way to stop heat from escaping is to insulate the roof. Roof rafters and attic floor joists are usually exposed and it is a simple matter to fasten insulation to the rafters or joists. Besides preventing heat loss and increasing winter comfort, attic insulation keeps out the heat from the sun's rays in summer."

Frank G. Zallar pointed out that the area of the roof is usually about 1/3 of the area of the side walls and therefore would require only 1/3 the amount of material needed for the walls. "The savings in the proportionate amount of material needed," stated Frank G. Zallar, "and the savings in labor costs, makes attic insulation the most economical and efficient way to insulate an old home."

"Complete attic insulation for the average size home," said Frank G. Zallar, "costs from \$80 to \$90. The return in fuel savings alone will pay for this investment within a few years. And every year thereafter it will supply heating economy and greater year around comfort, providing an insulation of permanent efficiency is used."

"One insulation manufacturer of a wood fibre insulating blanket," said Frank G. Zallar, "offers a written money back guarantee of fuel savings and greater comfort to home owners who insulate their attic with that product. This guarantee will also refund the cost of installation should the user be dissatisfied with results. He also made the statement that, 'If a manufacturer has a product that will function permanently — if it is guarded against wind infiltration, moisture-penetration and securely fastened in place, he can be safe in offering a money-back guarantee of this type.'"

\$1,000 PROFITS FROM  
DIVISION TEN DANCE  
Final figures on the USO division ten victory dance held last June at St. Mary's school, Des Plaines, were released recently. \$1,697.20 gross receipts were shown, along with \$662.43 expenses. Net profit was \$1,034.77.

Two boy cyclists  
struck at 3 a. m.  
near Palatine

Two boy cyclists were struck by a semi-trailer unit about 3 a. m. this Tuesday morning on the Northwest highway north of Palatine. The boys were taken to Palatine hospital for treatment.

Norman Fosmoe of Janesville, Wis., was driving the semi-trailer north on route 14 near Smith road when he struck the two youths on bicycles, also riding north on the right side of the road.

Palatine police were called and took the boys to the Palatine hospital. Charles Kainz, Chicago, suffered arm and body bruises. The other youth, Walter Mayers, also of Chicago, received a brain concussion, bruises and a skinned knee.

NILE HIGH FILLS  
FOUR VACANCIES;  
TWO MORE TO GO

Dr. Biehn of Niles high school announced last week the appointment of four new teachers to the Niles staff. Ardin Larson will teach industrial arts, Frieda Elterbrake, English, Doris Sayre, English and Louise Immel, commercial subjects.

There remain two more positions to be filled.

SERVICEMEN GAIN  
\$3,000 FROM SKOKIE  
DAYS CELEBRATION

The recent Skokie days celebration netted a profit of \$3,608.99, all of it going to the men in service. \$500 will be given to the USO while the remainder will be donated to the American Defenders council.

Paul Bloethner, a Niles policeman, has filed suit in circuit court against John Daun for \$15,000 damages for running him down while performing his duties as director of traffic in the street.

It was Aug. 4, 1940, at Milwaukee and Touhy ave. that the accident occurred. A car driven by Daun hit the officer and seriously injured him.

GUARANTEED HOUSE  
NUMBERING SYSTEM  
PROVES WRONG

Two years ago the city of Des Plaines revised their house numbering system, a supposedly 100 percent correct job. Now it appears that somebody erred and another \$100 has been appropriated for an engineer's checkup. Many old and new homes have duplicate numbers.

Welsh Ancestors  
The ancestors of President Thomas Jefferson were Welsh.

Fines, gifts  
send smokes  
to army boys

Judge Sengstock of Des Plaines has a novel way of penalizing traffic offenders and bolstering the morale of the Des Plaines boys in the service.

Every time an autoist is brought into court on the usual traffic violations, instead of a fine being assessed, the violator is given a chance to contribute to the smokes fund. This amount is sufficient to send ten stacks of cigarettes each week to some serviceman from Des Plaines.

To date, forty tins of smokes have been sent. Friends and relatives are asked to put their favorite name on the eligibility list. \$3 lington, too

In Arlington Heights Mar Johnson, proprietor of Mar's tavern also has a plan to help local boys in the service.

Each week a local man's name is drawn and posted near a receptacle in which local patrons deposit donations. At the end of the week this money is sent to the serviceman whose name was drawn. It is known that at times this fund has passed the forty dollar mark.

Palatine also has its own version. Contribution boxes have been set on counters of the various stores, with the money contributed going for cigarettes.

Earth Rotation Affects Gun  
The earth's rotation plays an important part in the aiming of long-range guns.

Waukegan gives 1p  
gas chamber for  
dog executions

The so-called "humane" system of destroying dogs by the use of monoxide gas in a gas chamber at the Waukegan city yards has been abandoned because of its inhumane features. Police have again adopted shooting as the most humane way of disposing of the animals.

Abandonment of the gas chamber was decided upon by the police and employees at the city yards after it was found that the dogs apparently suffered greatly while their lives were being snuffed out by gas. In several cases they howled dismally while gas was being poured into the chamber and in another it was found necessary to pry the jaws of one dog loose from the bars in the chamber after its death.

The chamber was built by employees of the street department at the request of the police department, which had been influenced by officials of the Orphans of the Storm refuge in Deerfield. It is believed, however, that while death by monoxide gas is painless to human beings, the reverse is true of animals whose senses are much keener than those of man in detecting the odors of gas.

Police say that there are forms of gas that might provide for a painless death for dogs, but these are not available to the city.

## SUES FOR DIVORCE

Mrs. Vern Laseke, of Des Plaines, has sued Marvin Laseke for divorce in Circuit court. They were married in Chicago June 12, 1930, and have two daughters aged 9 and 11 who live with their mother.

Big Future For Technically  
Trained Men and Women

Never before has the country needed technically trained men and women for industry on the scale that it needs them today. Everywhere there is a shortage of trained competent workers. The war will be won only if enough war materials can be produced fast enough ... and that can be done only if enough competent workers can be trained fast enough and put to work fast enough.

Poole's Engineering and Training School offers practical instruction and prepares you to step right into a war plant job and do everything expected of you. You get actual shop training at the type of work you'll be expected to perform. You learn the things that you are expected to know. In two months time under our training plan you should be able to step into a war plant job and HOLD DOWN THAT JOB ... and draw good pay from the start.

Our training engineers and machine shop instructors have practical experience. They are engaged in the actual work of shop production today. You get the real thing and you train for the future when the country will again go back to peace production and the wants of the world will have to be supplied from American factories. That means jobs for the people who "know how."

Don't hesitate. Investigate!

# With Uncle Sam

## Glenview man promoted to Lt-colonel

Mr. E. Mann Hartlett, 45, state medical officer of the Selective Service System in Illinois and wounded war veteran of World War I, has been promoted from major to lieutenant-colonel of the Army of the United States, effective August 8, 1942, it was announced today by Col. Paul G. Armstrong, state selective service director.

Colonel Hartlett, a native of Medford, Wis., enlisted in the United States Army in December of 1917 at the age of 19 years while a student at Ripon (Wis.) college. He was assigned to the 32nd division and served fifteen months overseas with the 107th Engineers. He was wounded in action and later was decorated with the Order of the Purple Heart.

After returning from France in May, 1919, Colonel Hartlett studied medicine at Wisconsin and Northwestern Universities, being graduated from the latter school in 1924. He attended the University of Vienna (Austria) in 1927 and served as an instructor at Chicago University in 1928. He specialized in eye, ear, nose and throat ailments and established an office in Evanston which he maintained for many years before re-entering active military service.

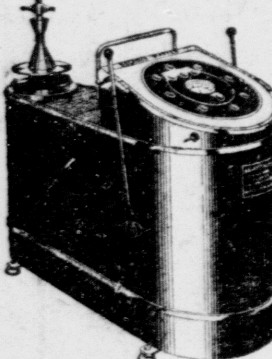

Commissioned a first lieutenant in the medical reserve corps in 1928, Dr. Hartlett was promoted to captain in 1932 and achieved the rank of major in 1937. He went on active military duty as state medical officer for the selective service system on April 15, 1941. Colonel Hartlett is married and resides in Glenview with Mrs. Hartlett and their daughter, Dorothy.

## Completes motor truck school at Fort Stockman

P. F. C. Melvin Becker of Wheeling has completed his class room work in the motor truck school at Fort Stockman, California, with good grades and is now busy in the shop. The last half of the course gives the men practical experience as mechanics. Melvin has been finding the school much to his liking. He also was glad to spend a week-end at Oakland with his cousin, Frank Behn.

Pvt. Becker expects to return to Fort Stevens, Oregon, upon the completion of his course.

## Arlington man goes to Maryland

Brig. Gen. John M. Willis, Camp Grant commander, today announced that Staff Sergeant Lionel Monda, 10 South Duntun, Arlington Heights, has been appointed to the Army's Chemical Warfare Officer Candidate School at Edgewood Arsenal, Maryland.

Staff Sgt. Monda was previously assigned to Headquarters Company, Sixth Medical Training Group, at Camp Grant.

Sgt. Monda has been chief clerk in the Medical Replacement Center Convoy office for about fourteen months.

## Local men graduate from Chanute field

Private Melvin J. Gaare, son of Mr. and Mrs. H. C. Gaare, 115 E. Davis st., Arlington Heights, and Private Clarence J. Schroeder, son of George Schroeder, Sr., 306 N. Benton st., Palatine, were graduated recently from the Chanute Field school of the Army Air Forces Technical Training Command.

While at Chanute Field they were trained in various technical operations vital to the maintenance of the country's fighting planes.

## Writes from U. S. S. Salt Lake City

A welcome letter arrived for the Arthur Miller family of Wheeling Monday. The letter was written on July 12 by Arthur Jr., aboard the U. S. S. Salt Lake City. Last mail from Bud had been written in May.

He reported all O. K. aboard ship and said they were kept very busy, with little time to write.

## On rifle range at Camp Barkeley

Lieutenant Robert Kruse, Wheeling resident, writes that they are in the midst of intensive training at Camp Barkeley, Texas, and are out on the rifle range from 6 a. m. until 6 p. m. every day.

Lt. Kruse also expects orders sending them to a new post soon.

## Local men in draft calls

Guy Woods Oviatt of Palatine is included in a Lake county draft call at Highland Park. He is scheduled to report Tuesday. Elmer Priest of Prairie View is one of 11 I-B men called.

## Class I-B men not permitted appeal on physical grounds

Many Selective Service registrants, classified I-B not understanding that regulations prohibit appeals on physical grounds only, have mistakenly demanded that their local boards grant such appeals, Col. Paul G. Armstrong, Illinois director of Selective Service, revealed in a letter written to Paddock Publications this week. The privilege of making an appeal from any classification based on physical condition, he added, was stricken from the regulations at the end of last year.

Colonel Armstrong stated that men classified in I-B before June 20, 1942, were not permitted to take an appeal at the time they were classified because I-B men were not being called for service and there appeared to be no valid reason for taking up an appeal board's time with such procedure. He pointed out, however, that the country's state of war and the Army's decision to take I-B men for limited military service in the not distant future opened up such right of appeal on last June 20. Since then, because of a sincere misunderstanding of their rights, many men classified in I-B failed to take their appeals within the prescribed ten days. For that reason, Director Armstrong has determined to protect the interests of such men and has directed his local boards to permit appeals to all I-B men, regardless of the date of classification, provided such appeals are made within ten days after current notification by each man's respective local board that a I-B appeal is now possible.

Appeals from I-B classification are permitted on grounds of occupation, dependency and other legal grounds excepting physical or mental condition.

**Peanuts Are War Veterans**  
Peanuts first became nationally known as a result of the War Between the States. Before and during the war, they were grown only in a small section of Virginia. Union soldiers, fighting in the territory, ate the Confederate-grown delicacy and liked them—thereby starting Americans to eating peanuts.

# The Fence Post

This department was created for the many readers and friends of this publication who care to express their personal opinions on the many timely topics of the day. We are not so interested in which side of the fence you occupy, as we are in the sincerity and good faith exemplified in your writing. Bits of poetry, etc., are also invited. Please sign your full name and address, but we will gladly withhold same on request. Contributions should be sent to this paper, addressed to the "Fence Post Editor."

## Cannon - for salvage

Someone suggested in last week's paper that we give our Palatine cannon to the salvage committee.

If Uncle Sam needs that cannon we should be ready and willing to part with it at once, but why not exhaust other resources first.

There are many iron fences dotting the countryside, and much worn out machinery laying around farm yards, etc. These should be utilized first.

We have come to look upon these cannon throughout the country as sort of a symbol of hard earned peace, and why not let them repose on our small town greens until that need arises.

Elizabeth Glen Walters.

## Palatine - note

Last week the paper deplored the fact that the people of Palatine were not patriotic enough to give a pint of blood to the blood bank.

I had intended to call Dr. Williams and volunteer when my youngest son came home with a ticket given him for so called reckless driving in front of the Community hospital, when he had started from Perry's barber shop across the street.

This being the third ticket handed a member of my family since May 9, we don't feel that we can afford to come to Palatine even to donate our blood to the Red Cross.

We are not reluctant to pay fines when they are deserved but when the man next door can drive his car without a 1942 license for approximately seven months of the year, and high school boys are stopped and warned in January for a new license I cannot help but think something is wrong with the laws of Palatine, or is the village so desperately in need of money that the police are willing to sacrifice the merchants in order to collect a few fines.

Barrington and Arlington are not so far away that we cannot do our shopping there.

Christine M. Hayes.

## Weeds

There is so much controversy of late about weeds, I wonder why the individual lot owners do not see fit to keep their own lots clean? The town should insist on the grass and weeds being cut, or a small amount paid to the town board to have it done. Some of our high school youngsters would be glad to keep a lot cleaned for a small consideration for the whole season.

It would seem our civic minded owners would be glad to cooperate. We all like to live in a healthy orderly atmosphere and it does create a lot of good will.

Mt. "Prospector."

## Just dogs

If I owned a dog I would feel a definite responsibility in owning the animal.

I would expect to take it out on a leash unless I lived on a farm. I would walk it to nearby vacant property instead of having the neighbors worry about their lawns and bushes on account of my dog. If I had a fenced in yard it could run and have some fun, but I would not expect the whole neighborhood to let my dog play tag in their flower beds.

I live alone and like it, I have no dogs to run over my flowers and shrubbery and why should other folks with dogs expect me to tolerate theirs.

Another thing, why do folks with canine pets tie them up and let them howl for hours? Down in their hearts they know we are suckers to put up with it, yet if we dare complain we are "old cranks."

We do have ordinances about

## These women

Now, I have seen everything, I attended a farm auction in the rain yesterday, and will wonders never cease. A woman bought a post hole digger.

Do we have some unknown "farmerettes" around these parts or is she the "ideal wife?"

My "better-half" thought a post hole digger was in the same class as a left handed monkey wrench.

I forgot to tell you it was raining "pitch forks" and the lady bought one.

Mr. W. G. (Arlington Heights)

## Civil service examinations

Engineers (steam-electric) are needed immediately to be in charge of power plants and auxiliaries in Federal buildings. Positions pay from \$1,680 to \$2,040 a year.

Applicants for all grades must show experience with electrical machinery.

Opportunity for advancement in this work is good, depending on the abilities of the individual.

There are no age limits. Filing application is all that is needed to be considered for these positions.

Qualified persons should apply at once to the Civil Service Commission, Washington, D. C.

Laundry assistant—\$780 a year, for filling the positions of checker, marker, sorter and bundler, and laundry operative—\$720 a year, for filling the positions of washman; unloader (washman); extractor; man; operator, press (shirt unit), press unit, flatwork ironer (mangle), handkerchief ironer, hosiery forms; hand ironer, in the quartermaster corps, war department, Camp Grant, Rockford, Ill.

Attendant (for filling the position of mess attendant) \$1080, \$1140, \$1200 a year. Open to both men and women.

Classified laborer, \$5.44, \$5.92, \$6.40 a day, open to both men and women, in the U. S. Naval hospital and U. S. Naval Training Station, Great Lakes, Ill.

Field service, States of Illinois and Wisconsin, for the following positions:

Senior blueprint operator, \$1,440 a year.

Junior blueprint operator, \$1,260 a year.

Senior photostat operator, \$1,440 a year.

Junior photostat operator, \$1,260 a year.

Alphabetic card-punch operator, \$1,260 a year.

Under card-punch operator, \$1,260 a year.

Applicants must have reached their 18th birthday on the date of filing application. There is no maximum age limit for this examination.

Plans for U. of I. enlisted reserves in booklet form

The various plans available to University of Illinois students, and high school graduates who plan to attend the University this fall, for enrollment in the Enlisted Reserves of the Army, Navy and Marine Corps, are described in a new leaflet published by the University.

A few copies of the folder have been received by Paddock Publications and may be had by calling at this office. Copies may also be secured at the public library, (at the Chamber of Commerce office), or by writing to the University Registrar, Urbana.

Briefly, these various reserve plans provide for the voluntary enlistment of a rather large number of University students possessing superior qualifications, such students to remain for the time being in an inactive status in order to continue their education.

Pioneer Radio

The first commercial transatlantic radio telegraph service was established in 1908 by long wave radio-telegraph stations located at Glace Bay, Nova Scotia, and Clifden, Ireland. Similar commercial stations near New Brunswick, N. J., and Carnarvon, Wales, were completed in 1910.

● If the going becomes troublesome in today's Guess Again Quiz, we'll respond to your SOS — the answers follow the seven questions. There shouldn't be any need for distress calls; merely mark the right answers and then check below for your rating.

1. A sarong increased the popularity of one Hollywood screen actress immensely. She is (a) Hedy Lamarr, (b) Joan Crawford, (c) Billie Burke, (d) Dorothy Lamour.

2. Don't tell me you have already forgotten this beloved American actor and humorist. Is it (a) Douglas Fairbanks, (b) Will Rogers, (c) Ring Lardner, (d) Joe Penner.

3. In Exodus there is given a vivid description of Moses closing the Red sea in on the (a) Egyptians, (b) Ethiopians, (c) Syrians, (d) Romans.

4. A person sail-boating on the Zuider Zee would be in (a) Sweden, (b) France, (c) Netherlands, (d) Algeria.

5. Which of the following terms is out of place? (a) perigon, (b) rectangle, (c) obtuse, (d) dulcimer.

6. One day quite a number of years ago a gentleman was seated in his garden and an apple plunked down on his head. It moved him to discover the force of gravitation. He was (a) Watson, (b) Newton, (c) Spenser, (d) Milton.

7. A seismograph is used to (a) detect submarines, (b) record earthquakes, (c) dictate letters, (d) color pictures.

ANSWERS AND YOUR RATING WILL BE FOUND ON THE CLASSIFIED PAGE.

## Gems of thought

### FORGIVENESS

Persecution is the weakness of tyrants engendered by their fear, and love will cast it out. Continue steadfast in love and good works. —Mary Baker Eddy.

Though men should rend your heart, let them not embitter or harden it. We win by tenderness; we conquer by forgiveness. —F. W. Robertson.

A wise man will make haste to forgive, because he knows the full value of time and will not suffer it to pass away in unnecessary pain. —Ramblor.

A merely fallen enemy may rise again; but the reconciled one is truly vanquished. —Schiller.

# Tire Certificates

## Arlington Heights

Certificates issued for purchase of tires and tubes from July 11, 1942 through July 31, 1942:

### ARLINGTON HEIGHTS:

Pet Milk Co., wholesale milk distributor — one new truck tire.

Win. Hupp, farmer — two new truck tires and two new truck tubes.

Raymond Lump, farmer — four new truck tires and four new truck tubes.

Fred C. Luethje, trucking defense materials — eight new truck tires and four new truck tubes.

Gunder Rask, wholesale distribution eggs and butter — one new truck tire and one new truck tube.

Soft Water Service — two new truck tires and two new truck tubes.

George C. Poole, trucking, defense project — four new truck tires and four new truck tubes.

U. S. Post Office, mail delivery — one truck tire recap.

Lauterburg and Ochler, ambulance — two new ambulance tires and four new passenger tires.

Village of Arlington Heights, police car — two new passenger tires and two new passenger tubes.

E. W. Mow Bakery, wholesale delivery bakery goods — two light truck tires and two new passenger tubes.

Harry Clark, salesman — two passenger tire recaps.

C. G. Ostenson, carpenter, defense work — two passenger tire recaps.

R. Rowland, salesman construction equipment — two passenger tire recaps and two passenger tubes.

Frank Johnston, salesman — one passenger tire recap.

Arthur Blume, defense worker — two passenger tire recaps.

M. H. Taylor, defense worker — four passenger tire recaps.

A. Olszowski, guard defense plant — two passenger tire recaps.

I. Czynski, defense worker — four grade II new passenger tires.

Joseph Brodman, defense worker — one passenger tire recap.

Carl M. Teutsch, superintendent defense plant — four passenger tire recaps.

Berschet, farm implement sales and service — four passenger tire recaps.

Certificates Issued for Purchase of New Passenger Automobiles:

Paul Heinze, toolmaker — one passenger automobile.

Prospect Heights

During the month of July, the War Price and Rationing Board 5-2, Prospect Heights allotted tires and tubes to the following persons:

Prospect Heights:

Robert A. Peterson, defense worker — 2 passenger tire recaps, 1 tube.

Einar B. Larson, defense worker —

2 passenger tire recaps.  
Victor Behncke, defense worker — 1 passenger tire recap.

R. H. VanDenBerg, defense worker — 3 passenger tire recaps, 1 tube.

Mt. Prospect:

Edward E. Grimm, Central road, truck farming — 2 passenger tire recaps, 2 tubes.

Adolph R. Rateke, route 1, garbage disposal — 2 truck tire recaps, 2 tubes.

Joseph Schaeffes, R. 1, Box 23, truck farming — 2 new truck tires, 1 tube.

Forest River:

Max Meredith, Graylyn Drive, defense worker — 2 passenger tire recaps.

### The Home Front

Labor day isn't very far off. And this year it will mean more than ever it has meant in the past because all of us are working to win the war.

Labor day has a feminine significance this year. This doesn't mean that the good ladies of the auxiliary will make the sandwiches, either. It means that women are playing an ever greater role in the production upon which we depend for victory.

These are the facts: There are now 13 million employed women in the U. S.; 600,000 more than last January. Working in war industry are 1,750,000 women. Total civilian employment by the end of 1943 is expected to reach 53 million persons, of which 18 million will be women.

Between four and five million women must be added to the roster of workers by the end of next year. This is going to bring real change to almost every community on the Illinois Home Front. One out of every three or four housewives between the ages of 18 and 44 years will have to accept employment if we are to reach peak production.

These events were news on the Illinois Home Front this week:

### More sugar

There'll be more for industrial and institutional users. As in July and August, industries using sugar can obtain 80 per cent of their base, an increase of 10 per cent, and institutions 75 per cent, a raise of 25 per cent. That means the return of sugar bowls

### Pipeline

The big 24-inch oil pipeline from Texas to Illinois began in the southwest. It is scheduled to help supply the east coast's oil demands by December. Equipment is ready in Saline county, eight miles west of Harrisburg. The pipe will go north toward Norris City, Ill., and Mt. Vernon, Ind.

### Mattresses

September 1 will see an end to manufacture of mattresses containing iron and steel. . . . After November 1 no more studio couches, sofas or lounges containing the metals can be made. . . . The Office of Price Administration has forbidden "combination sales," forcing purchasers to buy unwanted merchandise in order to get an article which could have been bought as a separate unit last March.

### Tax trends

Congressmen in Washington last week turned their attention to the problem of collecting money, as committees began to narrow down their findings into a complete tax bill for all of us to meet next year. Estimates are that total federal revenue will top 23 billion dollars in 1943, compared with about 13 in 1942. . . . and it looks as though a number of reforms in the method of collection stand a better chance of being enacted than for several years past. . . . Beardsley Ruml, treasurer of R. H. Macy and Co., suggested that income taxes be collected in the same year in which the income is earned. In other words, says he, collect taxes "as we go" in 1943, week by week, and in order to make such payments possible, completely cancel the taxes on 1942 income that would otherwise start falling due March 15, 1943. . . . John Witherspoon, president of the National Association of Life Underwriters, also advanced a thought which seemed to meet widespread approval on Capitol Hill. He pro-

posed that individuals be permitted to deduct, within limits, a fixed percentage of their taxable income to meet life insurance premiums, pay old debts and buy government bonds, just as they are now permitted to make deductions for contributions to charity. This suggestion was endorsed by Senator George, chairman of the Senate Finance Committee, as "sensibly sound."

### Savings

The Department of Commerce finds that Americans are saving money at an annual rate of nearly 24 billions of dollars, which is more than twice the 11 billions salted away in 1941. . . . During the month of June, a new high mark for employment in the steel industry was set. To be exact, 659,000 workers were turning out this vital war material.

### Hat-trick

Some of the things that are being done to speed America's almost unbelievable war production job constitute pulling fighting rabbits out of the industrial hat. Sometimes basic conceptions are being short-circuited for the duration. Take aluminum. The industry was economically based on a plentiful supply of cheap electric power. In building aluminum plants in war times one of the major problems is finding available hydro-electric power or in obtaining steam generating equipment, which may take many months; another is in getting mercury-arc rectifiers to change the current of the lines from alternating to direct. At a huge new plant the Aluminum Company of America is building for the government in Arkansas, a clever engineer saved months of waiting by hooking up 78 gas-powered engines, readily available, to a battery of generators. The cost of the power was greater than it would have been from the steam generators which would have taken so long to get, but because it was direct current produced at point of use, the expensive rectifiers were unnecessary, power was produced as cost comparable to steam, and the aluminum program sailed ahead on time.

### Production

In a general review of the war situation, the Office of War Information said June production of military planes fell slightly behind schedule, despite the fact that the U. S. made more planes than any other country in the world. The same was true of tanks, of most types of artillery, and of naval vessels, the OWI said. Because of enemy submarine activity, the Office said, it probably will be well into 1943 before we equal merchant shipping as of December 7, 1941.

### Milk bricks

Men's "straw" hats for next summer woven of cotton yarns to stimulate straw. . . . Plan of OPA's Rolf Nugent to "buy now, take post-war delivery" particularly applicable to automobiles, radios, refrigerators, typewriters. . . .

bricks made out of powdered milk. Dry ice is now being considered as an aid in killing insects. By packing it with the insecticides in a small squirt gun, the spray is ejected with much greater force than can be obtained by hand. Also the carbon dioxide gas given off at the dry ice melts adds to the toxic effect of the spray. . . . Monsanto Chemical Company has found a new and easier way to "polish up" the handle of the big front door" — they find that ferric sulfate has many advantages over other chemicals previously

### Machine inventory

The WPB announced inauguration of a nationwide inventory of used construction machinery to be made through WPB field offices in an effort to place an estimated 500,000 pieces of equipment in use. A complete inventory of available equipment will be kept up to date at the regional offices for the information of war agencies and private contractors engaged in war work.

### Ration books

The OPA said it is planning a universal ration book to be put into the hands of every American, as part of its machinery to handle rationing of many commodities which do not require rationing at present. The Office said traveling salesmen will not be permitted more than a B ration book in addition to their A books.

### School buses

The WPB approved the proposal of Henry J. Kaiser, shipbuilder, to construct 500 70-ton cargo-carrying planes, patterned after the flying boat "Mars" built for the Navy. The program is contingent, however, "upon our being able to do it without interfering with the present combat plane program, WPB Chairman Nelson said. Army Air Forces Commander Arnold said at present 21 per cent of all Army Air Forces multi-engine plane production is being devoted to transport planes, and the program calls for this proportion to be raised to 30 per cent in 1943. The Office of Defense Transportation said approximately 4,000,000 school children who ride daily in 93,000 school buses will be affected by OPA's order to reorganize all school bus service. The plan calls for staggered bus schedules and denies special bus service for students who have less than two miles to walk to and from school (with certain exceptions) and where areas are serviced by public carrier routes.

### Farm labor

Agriculture Secretary Wickard announced the Farm Security Administration and the U. S. Employment Service will recruit additional workers for farmers in areas where there are seasonal shortages of labor. The workers will be recruited only after the farmer and the Employment Service have been unable to obtain workers locally. The workers must be paid the prevailing wage, determined by the Farm Sec-

urity Administration, but in no case less than 30 cents an hour. If the workers come from a distance, farmers must pay transportation costs up to 200 miles and the FSA will pay for additional mileage. The workers must be properly housed and work guaranteed for at least three-fourths of the time they are in the area. The OWI reported an arrangement has been concluded between the U. S. and Mexico making possible temporary migration of Mexican farm workers into this country to help combat the seasonal farm labor shortage, especially in the southwest.

### Airborne divisions

The Army announced formation of two completely airborne divisions, consisting of about 8,000 men each, to be stationed initially at Camp Claiborne, Louisiana. The War Department said more than 7,000 volunteer officer candidates (men classified as 3-A who volunteer for officer training) have been inducted into service. The Department said in a short time it will place orders for large quantities of wool cloth which will call for most of domestic wool clip now available.

## N. U. night school offers 24 new up-to-date courses

War-time demands for specialized technical training and for a broader grasp of a dynamic world has caused the introduction of 24 new courses at University college, an evening division of Northwestern university on the Chicago campus. Dr. S. A. Hamrin, director, said today.

"Thirty per cent of the courses to be offered in September will be given for the first time," Dr. Hamrin said. "An illustration of the up-to-the-minute content of the program is provided by the course 'Chemistry Today' in which inorganic, organic, synthetic, rubber, the sulfa-drugs, and related topics are considered. The courses will emphasize the impact of modern science on major strategic problems of national self-preparation."

Dr. Theodore E. Friedman, an outstanding expert in vitamin research, will give a new course in the chemistry of vitamins, and several courses in mathematics and mechanical drawing geared to war-time needs will be sponsored.

The liberal arts curriculum has been modernized as well as the technical studies, Dr. Hamrin stated. The historical backgrounds and the geography of World War II will be the subjects of separate courses designed to help the thinking adult orient himself in the changing world.

Four courses will be introduced this fall which do not fall under any of the traditional fields of study, but meet specific needs of the student today. They are: (1) blue print reading, designed to qualify individuals for production inspector positions; (2) vocational adjustment, designed to aid women adapt themselves to new wartime

## LIFE with MOTHER on page six

opportunities; (3) reading, designed to help adults read effectively and with enjoyment; and (4) practical secretarial techniques, designed to aid the stenographic worker to become more effective and efficient.

# Ceiling prices help delay hog marketing

## Porkers to gain more weight than formerly

Ceiling prices have given hog raisers a feeling of security that encourages feeding to heavier weights than usual.

Because hog prices have been stabilized, it is suggested by E. T. Robbins, livestock extension specialist of the University of Illinois College of Agriculture, that conditions now justify feeding spring pigs to weights of around 250 pounds, instead of selling them at 200 pounds or lighter as many farmers have done in the past.

Healthy pigs born before May can be finished at 250 pounds before December 1. That would get them out of the way before the usual heaviest market movement of the year, which usually occurs in December and January. Late spring and summer pigs can be given plenty of time to reach heavy weights and be marketed after January and still come in ahead of the usual movement of fall pigs to market.

With price fluctuations reduced, it is profitable as well as patriotic to keep young hogs until they

have reached desirable weight and finish, according to Robbins. This will also help to spread out hog marketings to avoid congested winter movements.

## August 31 is deadline for crop insurance

"What would it mean to you if you lost your entire wheat crop?"

American farmers lose \$100,000,000 a year in wheat crop failures. If every wheat grower insures his crop, \$50,000,000 or \$75,000,000 of the sum lost could be saved.

If you take out Crop Insurance on your wheat crop you will take much of the gamble out of growing wheat by guaranteeing a wheat income every year. Crop insurance guarantees yield security to every wheat farmer who takes advantage of this opportunity to buy wheat Crop Insurance.

A deferred payment plan for the new three-year crop insurance contract is offered wheat growers the first time this year. Premium payments may be made in annual installments in wheat or its cash equivalent, and will be due about harvest time.

Although the contract specifies insurance protection against all unavoidable hazards, such as drought, wind, flood, insect and other similar hazards for three years, growers may cancel the last year of the insurance upon written notice to their local AAA committees on or before the final day for accepting contracts during the second year of the contract period. No one-year contracts will be written on 1943 wheat crop.

You may get full information on all-risk, wheat Crop Insurance at your County AAA office at 201 North Dunton avenue, Arlington Heights.

## Vaccination of flocks for fowl pox recommended

As soldiers are immunized against diseases, so are poultry and other farm animals.

As an additional war emergency measure, Illinois poultrymen are receiving supplies of fowl pox vaccine through their local veterinarians with which to immunize their flocks. It has been announced by animal pathologists of the University of Illinois College of Agriculture.

The vaccine is a preventive and not a cure, and it is recommended that the birds be immunized before they go into laying houses this fall. Fowl pox usually causes the most damage in winter.

The vaccine should be used only in flocks where the disease has previously occurred or where infection seems imminent. Immunity, once established, is good indefinitely. However, early immunization is preferred because of the reaction

## Farm building rules cleared up by engineer

To clear up some of the confusion about farm building permits in wartime, D. G. Carter, professor of agricultural engineering at the University of Illinois College of Agriculture, today explained that rulings have been modified in some respects to favor farm building.

Among the limiting factors, only the scarcity of materials is serious. This situation has virtually eliminated new residential construction and the purchase of major equipment, such as heating, plumbing and electrical installations.

On the other hand there are some advantages insofar as farm buildings are concerned. For example, there is no limit to the manufacture of wooden bins; 2,500 tons of nails have been authorized recently for the repair or construction of grain storages; the freezing order on lumber has been modified for farm storage construction, and a method has been provided to issue authorization and priorities to replace farm construction destroyed by fire, flood, earthquake and the enemy.

The conservation order relating to this type of building does not prohibit normal repairs, residential work up to an estimated cost of \$500, or needed agricultural construction up to \$1,000. Under this order it is possible for any farm to spend \$1,500 or more in one year for buildings, if the materials can be secured. This is 20 times the average amount spent a year on each farm during the past twenty years. The permitted construction exceeds in amount the average value of all buildings per farm in 10 or 15 states.

## Palatine man to open Percheron fair at St. Paul

For the first time in its history, the National Conference of Percheron judges and breeders will be held this year in connection with the National Percheron Show and Minnesota State Fair at St. Paul. Date set for the all-day meeting is September 2.

Percheron judges and breeders from every section of the country and Canada will attend this conference which is especially vital this year since it may be the last until after the war. The list of speakers and judges is almost a Who's Who of agricultural leaders and practical horsemen, and the subjects they deal with are of the greatest importance in these times and under war conditions.

Prominent among speakers at the morning session of the conference will be Frank C. Rathje of Palatine, president of the Percheron Horse Association of America, who will open the meeting at the Minnesota State fair grounds at 9 o'clock. In the evening, Mr. Rathje will attend the Percheron Breeders' banquet and will present the President's Trophy to Lt. Kenneth A. Dyer, now of Victorville, Calif., as the most promising young horseman of America.

Paul C. H. Engler, in charge of Percherons at the Rathje Farm, is also a speaker on the conference program. He will speak on the subject, "Should Judges Discriminate Against the 'Overized' Percheron."

The judges' conferences are conducted for the purpose of bringing breeders and judges together for a frank discussion of the problems confronting the industry, both from the standpoint of the judge and that of the breeder. Previous conferences have been held in Indiana, Missouri, and Maryland.

Spider Not an Insect  
A spider is not an insect; it belongs to the class Arachnida, which also includes scorpions, mites and ticks.

which may follow vaccination in laying flocks, the animal pathologists said.

Fowl pox in turkeys can also be prevented by vaccination, and the animal pathology department is supplying veterinarians with fowl pox vaccine for demonstrational purposes in turkey flocks. One week following vaccination, flocks are inspected for takes and the results reported on forms supplied with the vaccine. Only the three-stick method is used against fowl pox in turkeys.

## DEDICATE AMBULANCE TO FARM BOYS

"This ambulance is dedicated to the Youth from American Farms serving in the Armed Forces of the Nation"—so reads the inscription on the ambulance purchased by the DeKalb Agricultural Association of DeKalb, Illinois, from the British and American Ambulance Corps. Just where it will see service will be determined by the U. S. State Department.

Top left: the bronze dedication plate. Center: "The Winged Ear"—the DeKalb ambulance, which is one of the almost 700 donated ambulances in service. Lower right: George Hyde, President of DeKalb Agricultural Association, presenting the keys to the B.A.A.C. drivers, Barbara Grubb and Carol Oakley.

## Coming Auction

WM. G. KLOPP

Saturday, August 15, commencing at 1:00 p. m. sharp, Wm. G. Klopp will sell at public auction on farm known as Klein farm located 1 mile N. E. of Winfield, 5 miles southwest of Cloverdale, 1 mile north of DuPage County farm on County Farm road, the following:

15 Head Holstein Cattle  
1 cow with calf by side; 4 heavy springers; balance milkers; Holstein stock bull, 22 months old. This is a high producing and high test herd.

**Machinery**  
Field cultivator; wagon; hay rack and basket; 1929 Ford light delivery panel truck, good tires; sec. breaching harness; Blue Ribbon double unit milker; 14 milk cans; pails and strainers; sterilizer and wash tanks; Dairy Maid hot water heater; 8-ft. drill tractor hitch; McCormick-Deering corn binder; tractor tire pump; dump rake; hay fork; 100 ft. rope; many other items.  
TERMS: Arrangements have been made with the Thorp Finance Corp. to finance this sale for buyers who desire credit. On sums \$10 and under cash; over that amount one-fourth cash, the balance in 6 monthly payments with interest at 7% simple interest per annum on unpaid balance. No signers needed. Just sign yourself. Everything must be settled for on day of sale.  
For future sales dates and terms call Roy H. Bender, Bloomingdale, phone Roselle 3681.  
ED. PATTERMAN, Warrenville, Wm. SPINNER, Naperville, Aucts. THORP FINANCE CORP., BENDER & FENZ, Clerks. "ANOTHER THORP SALE"

ELLEN SCHAPER

Thursday, Aug. 20, commencing at 11:00 a. m. sharp, Ellen Schaper, on account of the death of Ed. Schaper, will sell at public auction 1 mile north of North ave. and Glen Ellyn rd., 3 miles south of Bloomingdale, the following:

This is a large sale—come early.  
41 Head Cows and Heifers  
25 real Guernseys; 15 Holsteins; Guernsey stock bull, 2 yrs. old. This is an outstanding herd; all but 5 his own raising; 4 good horses; 200 pullets and hens.

# Urge farmers to take stock of storage space

## Proper records ease headaches at income tax time

One way to avoid a headache at income tax reporting time is to keep a complete and accurate record of the farm business in the new Illinois farm account book. Thousands of Illinois farmers who are keeping the records can testify to this, according to farm management specialists of the University of Illinois College of Agriculture.

When requirements for filing returns dropped from \$5,000 gross income to \$2,000 in 1940, to \$1,500 in 1941 and to a possibility of \$1,200 in 1942, and with prices and incomes rising for the same years, the filing of income tax returns became an annual affair for most farmers, except those on a self-sufficing basis.

In addition to 4,000 farmers who are enrolled in organized accounting projects, 16,000 other farmers acquired 1942 Illinois farm account books from farm advisers and other sources, according to J. B. Cunningham, extension farm management specialist of the U. of I. College of Agriculture.

Most Are Up-to-date

When the 4,000 farmers enrolled in projects were recently visited by farm advisers and extension specialists of the college, most of them had their books up-to-date, including depreciation tables for machinery and buildings. Some books, however, were not in good enough condition to allow farmers to take all the deductions they otherwise might. The depreciation tables are a special feature in the 1942 book and are included for income tax purposes. They are needed regardless of whether the cash or the accrual method of reporting is used.

The tables provide special forms for recording the year the item was acquired, cost, estimated life, depreciation this year and inventories for beginning and end of year. When properly filled out, they may be used as a basis for reporting for many years.

In addition they are useful in arriving at inventory values at the end of the year, Cunningham said.

**RICHARD & MARY WESSEL**

Saturday, August 29, commencing at 12:00 o'clock sharp, Richard and Mary Wessel, having sold farm, will sell at public auction on premises, 1/4 mile E. of Barrington on the Cook-Lake rd., the following:

Froelich & Wick, Auctioneers Public Auction Service Co., Mgrs.

## Grape colaspis rides high in deficient soil

It's where soil fertility requirements have been neglected that the grape colaspis is causing the most damage in corn and beans and other legumes.

This is the belief of A. L. Lang, soil fertility specialist of the University of Illinois College of Agriculture, on the basis of tests being conducted.

Other experiments, conducted the past two years by entomologists of the Illinois State Natural History Survey and the University of Illinois, show that a high phosphorus-potassium fertilizer applied hill-drop at planting time will prevent most of the trouble from the pest.

Lang recommends the four following steps to build up soil fertility so the crops will be more resistant to the insect:

1. Test soils for acidity and apply limestone where needed.
2. Supply adequate amounts of organic matter and nitrogen thru the judicious use of legumes, crop residues and animal manures.
3. Test soils for phosphorus and apply 1,000 to 1,500 pounds of rock phosphate to the acre when needed. Superphosphates containing phosphorus in a more available form may be used in smaller amounts and applied more frequently.
4. Determine potassium deficiencies by conservation of crop residues and applications of muriate of potash.

## Farmers double lime purchases through AAA

Farmers in 33 states bought 7,292,737 tons of lime through AAA in 1941, more than twice the tonnage. This represents about 54% of all lime applied under 1941 conservation program. Remaining 46%, for which practice payments were made, was obtained by farmers from other sources.

In Illinois, in 1941, farmers received 877,210 tons of lime thru AAA, which was about 41% of limestone for which practice payments were made. Under soil building program, Illinois farmers spread 2,143,000 tons of lime in 1941.

Committeemen's comment on these figures may follow pattern of this sample quote, which should not be used verbatim: "As a result of the extensive use of limestone through the AAA program, the nation goes into its first year of maximum war production of essential farm products with greatly improved soil resources. Continued use of these practices will enable farmers to keep their land in shape to continue peak production of needed commodities throughout the war years and thus enable the United States to serve as a leader of the United Nations."

## PUBLIC AUCTION

RICHARD AND MARY WESSEL

Saturday, Aug. 29 at 12 o'clock sharp

Richard and Mary Wessel, having sold farm, will sell at public auction on premises, 1/4 mile E. of Barrington on the Cook-Lake rd., the following:
